1875.

NOTICE.

IN again presenting our Spring Catalogue, we do so with much pleasure, having added largely by importation of everything new and valuable among the various classes.

We especially offer to the notice of our patrons many extremely *rare, new and beautiful plants*. The charming new *Pelargonium Queen Victoria*, a set of very distinct and striking new Double Geraniums; fine new Zonales, as well as novelties among Fuchsias, Clematises, Carnations, &c.

Our collection of Dahlias will be found to embrace all the novelties worthy of cultivation which have appeared in Europe the past season among show Flowers, Fancies, Pompones, Bedders, &c.

When selections are left to ourselves, the very finest varieties will be sent, and the most vigorous plants, as all orders are selected under our personal supervision.

After many years' experience in packing and forwarding plants to distant countries, we flatter ourselves we can pack both economically and safely for any distance. *Orders to the amount of five dollars and upwards packed free of charge.*

The greater part of the new plants, and nearly all the bedding plants can be forwarded by mail at the prices quoted; on their reception they should be potted and placed in a frame or greenhouse to recover the effects of the journey. To Florists and Nurserymen who wish new plants, the mail offers the greatest facility for obtaining such, as they know how to care for them on their arrival. Amateurs who have no means of caring for plants after a journey through the mail, as well as all persons requiring a considerable quantity of plants of a larger size, had better have their orders by express. If left to me, I will forward in such way as I deem best for the purchaser.

The prices at which some of the new plants are offered, may appear high to persons unacquainted with the importation of these articles. For such we have to pay high prices in Europe, adding duty, freight, risks, &c., to justify which when first offered, the price should be proportionate—though we make it at the lowest possible rates, and as stock increases the price is reduced. Older and standard varieties are offered at our usual very moderate rates.

Orders intended for mailing should be accompanied with a remittance, but in express orders the purchaser may remit, or the article will be forwarded C. O. D. at his option.

January, 1875.

JOHN SAUL.

CATALOGUE

OF

New, Rare and Beautiful Plants.

NEW, RARE AND BEAUTIFUL PLANTS.

*PELARGONIUM QUEEN VICTORIA—*With a Colored Plate.*

To say that this is handsome conveys but an inadequate idea of it, for it is the most marvellously beautiful and novel variety ever offered.

The flowers have peculiarly crispy petals; they are not really double, but from their fulness of form and extra number of petals have the appearance of being so. The color is a rich vermillion, all the petals broadly margined with pure white, and the upper ones blotched with maroon. The contrast of the broad white margin with the vermillion ground color makes the flower extremely pleasing and attractive. \$2 each.

*SPECULUM, (LAXTON.)—*New Double Dwarf Geranium.*

A seedling from Madame Rose Charmeaux, fertilized by Waltham Seedling; color blackish carmine, like the Rose "Géant des Battailles;" individual flowers very pretty, on long foot-stalks; petals imbricated as in the Camellia; good truss, habit dwarf, short-jointed and slender; foliage slightly zoned. \$1 each.

*REYNOLD'S HOLE, (LAXTON.)—*New Double Dwarf Geranium.*

Flowers of fine form, large, cupped, very double, and of a striking coppery red color; truss very large, habit somewhat vigorous; a most distinct and showy variety. \$1 each.

*JACOBÆA, (LAXTON.)—*New Double Dwarf Geranium.*

The flower of this variety is of a novel bluish purple color, approaching in form and appearance the well known Senecio, (Jacobæa.) Habit dwarf and slender; foliage darkly zoned. A good winter flowerer. \$1 each.

*AGLAIA, (LAXTON.)—*New Double Dwarf Geranium.*

A seedling from Madame Rose Charmeux. Flowers very double and of a pretty deep pink. This is perfection in habit, being the most dwarf and compact growing of any of the doubles yet sent out. Foliage bright green with darkish zone—quite unique. \$1 each.

*GEORGES SAND, (SISLEY.)—*New Double White Geranium.*

This is a great improvement on "Aline Sisley," the flowers are much larger, pure white under glass, assuming a slight rosy flesh-color when exposed to the sun—it is also more double—neat compact habit and most profuse bloomer; the best double white out. \$1 each.

*FRANCOIS PERTUSATI, (SISLEY.)—*New Double Geranium.*

Flowers large, double yellow, margined with white, fine compact habit, and profuse bloomer. Excellent either for pots or bedding out. A distinct color, one of the finest novelties. \$1 each.

CARL VOGT, (SISLEY.)—*New Double Geranium.*

Flowers of medium size, very double, of an orange-salmon color, quite a new shade; splendid habit, free flowerer, excellent for bedding or pot culture; a very desirable novelty. \$1 each.

TALABOT.—*New Double Geranium.*

Flowers large, double, of a bright amaranth color, good habit, profuse bloomer; a superb bedding variety. \$1 each.

LOUIS BLANC.—*New Double Geranium.*

Flowers large, double, borne on fine trusses, color cerise lilac, free grower and profuse bloomer. A distinct and fine plant either for bedding or pot culture. \$1 each.

N. D. DEBEAUNANT.—*New Double Geranium.*

Flowers large and double, white with a rose centre, compact habit and free bloomer. A distinct and very beautiful variety either for pot culture or bedding out. \$1 each.

ERNEST FAIVRE.—*New Double Geranium.*

Flowers large, double, white, suffused with rose, compact free habit, profuse bloomer; a distinct and beautiful variety, fine for bedding or pot culture. \$1 each.

NEW DOUBLE GERANIUMS.

Aline Sisley. The plant is of excellent habit, dwarf and compact, with neat foliage, and it is remarkably free-flowering; producing fine globular trusses of pure white flowers, which are of moderate size and almost perfect in form. 30 cents each.

Asa Gray. An extremely free-flowering variety, of dwarf and robust habit, with foliage of moderate size and lightly zoned; the flowers are of large size, very full and double, light salmon orange color, somewhat similar to the variety *Gloire de Corbeny*. Being a most distinct color, this is an exceedingly desirable acquisition. It has proved the finest bedder, during the summer of 1874, of my entire collection of double varieties. 30 cents each; \$3 per dozen.

Charles Lyell. A pretty variety, of the neat dwarf habit, and very floriferous; the flowers are double, of moderate size, and of a dark Apricot color, shaded with white on the borders of the petals. 30 cents each; \$2 50 per dozen.

Alice Crousse. A variety of dwarf compact habit, and extremely floriferous; the flowers are large, full and of good form, white with salmon centre; before the flowers are fully expended, they appear perfectly white, the reverse of the petals being white. 50 cents each.

Charles Darwin. A vigorous growing variety of compact habit, very free-flowering, having large trusses, of purplish crimson flowers. 25 cts. each.

Deuil de Strasbourg. A distinct new color, bright claret, trusses large and double, given profusely; fine vigorous habit, a distinct and beautiful new flower. 25 cents each.

Emilio Castelar. Dwarf, vigorous, compact habit; trusses large and finely formed, of a deep claret color, very double. 25 cents each.

- Rose Pur. This beautiful variety has flowers of a deep warm rose, tinted with violet; trusses large and double, free-flowering, compact habit, distinct and beautiful. 40 cents each.
- Aurora. A very fine dwarf-habited and short-jointed variety; flowers bright scarlet and freely produced; pips large, double; an excellent bedder, and very showy for cultivating in pots. 40 cents each.
- Jewel. The habit is very dwarf, short-jointed and free-flowering; the trusses are well-formed, of good size, but not coarse, and the flowers of a fine deep scarlet color. Each pip is very double, and so beautifully and regularly formed as to have the appearance of a miniature *Senateur Vaisse* Rose; this variety is undoubtedly one of the most remarkable breaks in colored Doubles which has yet been obtained. 40 cents each.
- E. J. Lowe. This variety is, perhaps, the most striking of any of the doubles, is more vigorous. The trusses and pips are large and well-formed. 40 cents each.
- Le Nègre. Umbels from 4 to 6 inches diameter; flowers medium-sized, very full, perfect in shape, with rich maroon colored imbricated petals, entirely distinct in color from any of its kind yet known. 30 cents each.
- Le Progrès. This is a great improvement on that valuable new colored Geranium *Victor of Lyons*, producing abundance of magenta colored blooms suffused with purple; by far the best double yet sent out. 30 cents each.
- Prefet de Lyon. Fine flowers, medium truss, violet purplish scarlet petals of great substance, giving the flower a rich velvety appearance. 30 cts. each.
- Patriote Lorraine. The habit and style of growth is that of *Marie Lamoine*, truss 5 to 6 inches in diameter, pip clear orange scarlet; a standard variety for years to come. 30 cents each.
- Dr. W. Neubert. Very double rich scarlet, immense truss, fine compact habit, profuse bloomer; one of the best winter bloomers; a superb variety. 25 cents each.
- Pink Perfection. Flowers deep bright pink, the petals are large and smooth, and regularly set, so as to form a perfectly double flower; habit dwarf. 25 cents each.
- Gambetta. Truss large, new shape, pips large and very double; color bright red, glossy. 25 cents each.
- Heroique Strasbourg. A truly grand variety, giving immense trusses, having over 80 pips in a truss, very double variegated; color a bright transcendent red orange. 25 cents each.
- Le Vengeur. Trusses of immense size, individual flowers finely formed, very double; color a light cherry, having the backs of petals a bright pink. 25 cents each.
- Incendie de Fontenoy. Trusses of immense size, of an exceedingly brilliant orange, free bloomer. This is a grand bedding variety, one of the very finest of color. 25 cents each.
- Lord of Lorne. This variety is, perhaps, the most striking of any of the doubles, is more vigorous. The trusses and pips are large and well formed; color deep crimson. 25 cents each.
- Baron von Jungentfield. Trusses large, thrown well above the foliage, pips large, well formed and double; color a magenta rose, very distinct and fine. 25 cents each.
- Miss Mary C. Saul. This very beautiful variety originated in our establishment; it has immense trusses of very double flowers, which are of a soft rosy pink, very vigorous growth, a profuse bloomer and neat habit. 25 cents each.
- C. Glym. An exceedingly fine variety, with immense trusses of orange scarlet flowers, thrown well above the foliage; individual flowers large and double, a profuse bloomer, habit very neat and compact. 40 cents each.
- Duc de Suez. Very double scarlet crimson, flowers of excellent shape, imbricated, trusses of immense size, habit of the plant compact and neat. 25 cents each.

GOLDEN BRONZE GERANIUMS.

* **HAPPY THOUGHT.**—*New Golden Bronze.*

A very unique and attractive variety of the Zonale Section, differing from the ordinary group; instead of the usual yellow outer belt or margin, in this instance, the color forms a large conspicuous cream yellow blotch in the centre or disc of the leaf, and thus adds a very novel and picturesque feature for a flower garden. The flower is a rich magenta rose, tinted with scarlet on the upper lobes. \$1 each.

Dictator. Broad bronze zone, dwarf compact habit, free bloomer, a fine bedding variety. 60 cents each.

Jubilee. Bright chocolate-red zone upon brilliant yellow ground, lobed leaves, for miniature beds or dwarf edgings, a charming variety. 75 cents each.

Prince Arthur. One of the finest of the dark zoned varieties, the colors being bright and clear, neat habit, very fine. 75 cents each.

SILVER TRICOLOR and SILVER MARGINED GERANIUMS.

Mrs. J. C. Mappin, (Silver margined.) A fine vigorous growth, with a splendid white bloom and pink eye, nearly equal to *Madame Werle*, habit of the well known favorite, *Flower of Spring*; the habit and appearance of this variety is the same, and by its producing an abundance of white flowers. 50 cents each.

Bright Star. Received a first-class certificate at the Royal Horticultural Society and the Royal Botanical Society. It has a pure white edge to the foliage, rich, well formed scarlet flowers. 50 cents each.

Eva Fish. An effective narrow rich lake rose zone, on a vandyked chocolate ground, with a well proportioned white leaf margin. 50 cents each.

Minnie Warren. A remarkably neat dwarf and compact miniature variety, with comparatively broad pure white leaf margin, showing a light rosy zone in its young growth. 50 cents each.

The Graphic. An elegant and attractive variety, with rosy-carmine zone on chocolate base, and white leaf border, habit robust. 50 cents each.

Mrs. Clutton. This is a strong grower, with the best color of any yet sent out, and is one of the best either for pots or bedding; fine leaf, one of the most effective. 50 cents each.

Charming Contrast. Broad pure white leaf margins, bright zone, habit dwarf and neat, flowers deep rose, a striking variety. 50 cents each.

Lady Plymouth. This is a variety of the old favorite, rose scented, with silver variegated leaves, of vigorous compact habit. A very beautiful and fragrant variety. 25 cents.

Denticulatum Variegatum. A finely variegated variety of *Pelargonium denticulatum*. It is as highly scented as the species, the variegation very pure, pretty, elegant foliage, and fine habit. 25 cents each.

IVY-LEAVED PELARGONIUMS.

Dolly Varden. This is a remarkably novel and distinct variety in the group of Ivy-leaved Pelargoniums. It is of a vigorously free and compact growth, with large well expanded, round lobed glossy ivy-shaped leaves, which, in the summer months, assume a rich golden tint, and marked near the disc with a picturesque dark bronze zone, the intensity of color varying with the season, being brightest under the prevalence of a dry atmosphere. 50 cents each.

Alice Lee. Leaf gold color, deep bronze zone, flowers violet crimson, growth free, and habit dense; a distinct and pretty Ivy-leaved variety. 40 cents each.

- Argus.** This beautiful Ivy-leaved Geranium is remarkably pleasing, of strong growth, and quite new in color. The *Gardners' Magazine* says: "Mr. Smith, of Hornsey Road, exhibited a Pelargonium 'Argus,' a charming Ivy-leaved variety, with large flowers, of a rich salmon rose hue, and produced in good trusses well above the foliage." 50 cents each.
- Emperor.** A remarkable variety of Ivy-leaved Geranium, with a scandent or trailing habit. It is free and vigorous in growth, with large, handsome, full expanded leaves, with brown zone in the centre. Flowers rose, with spot on upper petals. 50 cents each.
- Remarkable.** A remarkably distinct variety of a more *decidedly climbing habit* than any yet recorded in its section, leaves marked with a dark Vandyke Ivy-shaped zone, and flower truss of a rich warm rose colored bloom. 30 cents each.
- Coccinea.** A very neat variety, with shining foliage, flowers scarlet, distinct from all others of this class. A very useful plant, beautiful. 30 cts. each.
- Ariosto.** Habit trailing, very vigorous, broad creamy white margin, flowers rosy pink, a very fine variety. 30 cents each.

PELARGONIUM FERNERFOLIA ODORATA.

This was raised from the old *Denticulata*, but is much more finely cut in the leaf, and is a very strong grower. It never changes its beautiful Fern-like appearance, and is one of the easiest Geraniums to grow at all seasons of the year. The fragrance is pleasing, and it is an exceedingly beautiful plant. 50 cts. each.

GRANDIS ODORATA.—*New Sweet-Scented Pelargonium.*

An exceedingly beautiful new fragrant-leaved Pelargonium, with large flowers, and broad oak shaped richly fragrant leaves; flowers finely shaded, deep violet rose or rose purple flowers, blotches on the upper lobes. This is the first example of a truly scented variety, with flowers approaching in size to the large show sections of Pelargoniums. 40 cents each.

PRESIDENT THIERS.—*Geranium.*

In the style of "Shrubland Pet," the flowers are larger and more fragrant; a pretty dwarf bedding variety. 30 cents each.

*PELARGONIUM SCABRUM.

This is a very fine scented Cape species, a free grower, with pretty foliage and good habit, deliciously lemon scented. 75 cents each.

NEW ZONALE and NOSEGAY GERANIUMS.

- Apollo.** This is a noble flower; color brilliant rosy puce, shaded towards the edge of the petals with scarlet; the truss and pips are of the finest form; habit good. \$1 each.
- Duchess of Edinburg.** A fine addition to the Nosegay class; truss and pips large and of fine form, color quite new, being rosy blush with a rosy scarlet centre; habit good. A most attractive and beautiful variety. \$1 each.
- Rienzi.** Flowers soft, slightly tinted scarlet, trusses of good size and freely produced, a robust grower and of good habit. As regards form and quality of flower, Rienzi may claim precedence of any variety hitherto introduced, when well grown each pip exceeds two inches in diameter. \$1 each.
- Richard Cœur de Lion.** A deep brilliant scarlet flower, of great size and substance; a very decided improvement; trusses rather small but very numerous, producing a grand display of color when a number of plants are massed together. \$1 each.
- Rose of Allendale.** A neat dwarf habited plant, with lively green, slightly zoned foliage, producing noble trusses of a beautiful soft rose pink colored flowers, of good quality and form, with a white marking upon the upper petals. \$1 each.

- 9 Zenobia. Flowers of a bright cherry crimson with a large white eye, extremely floriferous, trusses large and globular, habit very dwarf and branching. \$1 each.
- Rosalie. A very beautiful variety, trusses large, very free flowering, compact habit, neat bedder. 75 cents each.
- The Duchess. Habit dwarf and compact, quite a new color, rich salmon shaded pink, fine truss, and free bloomer; a beautiful variety. \$1 each.
- Beau Villageois. A gay and effective variety, with large rich orange tinted salmon flowers, and blush outer belt, greatly superior to "*Gloire de Corbeny*." The largest and best formed flower in its color. \$1 each.
- Belle Esquermoise. A very beautiful variety, flowers large, of a model outline, individual blossoms nearly circular, pure white, with a well defined, clear, light salmon centre; by its chaste contrast in color, and fine shape, the most perfect in its group. \$1 each.
- Distinction. Beautiful and distinct foliage, quite ornamental without its crimson flowers. 75 cents each.
- Darkness. The darkest crimson ever seen in any Geranium yet sent out; its color being most intense, quite conspicuous amongst all others. 75 cts. each.
- Mr. H. M. Stanley, (Nosegay.) Gigantic size; pips and truss of a most attractive color, orange scarlet; immense trusses freely produced just above its beautiful dark zoned foliage, and a much dwarfer and stiffer habit than any in this class. 50 cents each.
- Mr. T. Hammersley. Is in all probability the best zonal of the year, and a fine improvement on *Demosthenes*; color deep magenta; pips and truss large and perfect. 50 cents each.
- 9 Mr. W. Sherwin. Color dark purple red, fine bloom, in the spring and early autumn almost attains perfection in shape; stiff sturdy habit, free, and a most splendid Geranium. 50 cents each.
- 9 Majestic. Vermilion scarlet, white eye, of large size, brilliant flowers, stout, of fine form, and in every way a first class variety. 50 cents each.
- Renown Improved. Is really one of the most magnificent Geraniums perhaps ever seen; trusses immense; pips of a fine form and great substance; color scarlet red; this zonal produces trusses equal in size to any of the semi-nosegays. 75 cents each.
- Beauty of Paradise. Bright scarlet, white eye, large flowers; very free, neat compact habit, very fine. 60 cents each.
- Countess Waldegrave. Very large, salmon scarlet, fine shaped, over two inches across, fine habit; splendid bedder. 60 cents each.
- Maid of Honor. Large fine shaped flowers, bright rose; first class variety, large truss, compact habit. 60 cents each.
- 9 Lass of Gowrie, (Nosegay.) Large truss, glowing scarlet color, fine habit; a grand bedding variety. 60 cents each.
- Blue Gem. An improvement upon *Blue Bell* in its pure purple tinted rose flowers, of good form and truss, free flowering and distinct; neat pot plant. 50 cents each.
- Striata Perfecta. Fine orange tinted salmon, striped or barred with white towards the margin, a large, well expanded, good shaped flower. The most distinct and attractive featured in its group. 75 cents each.
- Miss Rose Peach. This is quite a new color, deep Amaranth rose, large full trusses, compact good habit, and profuse bloomer; most beautiful. 50 cents each.
- White Clipper. The best white-flowered Zonale for bedding, being the most prolific of all the white varieties, large truss, splendid habit. This was awarded a First Class Certificate by the Floral Committee of the Royal Horticultural Society. A very beautiful white variety. 50 cents each.

HARRY KING,---New Zonale.

This magnificent flower we offered for the first time last season, and another year's experience has proved its great value and beauty. It is certainly the most magnificent vivid crimson Zonal ever yet sent out, and the above engraving conveys but a very inadequate idea of its immense trusses; color intense and brilliant scarlet, considerably darker and more glowing than *Jean Sisley*. large white eye, each pip of fine shape, and of great substance, which causes every petal to reflex as soon as each bud expands, consequently each flower remains a longer time in perfection than any other Zonal; it also has the valuable property of keeping its centre well filled up. The color of this variety totally eclipses all other older kinds, and is unquestionably the most magnificent crimson scarlet Zonal ever sent out. 30 cents each.

In offering the above twenty-five new Geraniums, I do so with the greatest confidence, as the best set ever offered. Price of the set, \$15.50.

PELARGONIUMS.—Fringed, Striped, Double and New Varieties.

- ***Prince of Novelties.** This is a double flower, combining novelty and beauty, the usual upper and lower petals of unequal outline are transformed into a flat, circular ray of equalized petals, flower and truss large, the ground color is a brilliant carmine tinted crimson, with a blush white margin, each petal being marked at the base with a rich dark crimson blotch. \$1 each.
- ***Prince of Pelargoniums.** This most beautiful variety resembles, in its style of flower, the well-known *Dr. André*, by its elegantly fringed margin and equally large flowers, but greatly exceeds it in effect in being a brilliant vermilion-scarlet ground color, finely relieved by a blush white centre with violet veins, and flushed with rich crimson on the upper flower lobes, producing its flowers in great profusion upon a remarkably compact yet vigorous and dwarf habit, forms one of the most attractive and beautiful plants for decoration yet offered in its tribe. \$1 each.
- ***Princess of Wales.** A very handsome early flowering variety, with elegant frilled petal margins, in the style of *Dr. André*, free and compact in growth, with a well branched habit; flower trusses large size, and borne in profusion well above the foliage; ground color pure blush, each petal alike marked with a rich dark velvet crimson-scarlet margined blotch. It forms one of the most attractive plants in its group. By its free growth and long succession of bloom, it is admirably adapted for all decorative purposes in conservatory groups or baskets, and one of the finest kinds yet offered in providing cut bloom for vases or baskets, or for table and drawing-room decoration. This will prove one of the most popular, as it is unquestionably one of the most beautiful, flowers ever raised. \$2 each.
- ***Star of the East.** This plant forms a very neat and fine variety, resembling the *Princess of Wales*; it is equally free and compact in growth, with an equal profusion of bloom, but with larger flowers, of pure white ground; the petals are elegantly fringed, the upper ones marked with a rich crimson spot, and the under ones elegantly pencilled with violet-colored lines. \$2.50 each.
- Bonnie Charlie.** Lower petals rosy crimson, top black, with narrow wire edge of bright crimson, large clear white eye, very showy, a lovely variety. 75 cents each.
- Prince Charlie.** White ground elegantly tipped, with rose violet blotches, neat compact habit, free flowering and early. 75 cents each.
- Grandis.** Habit compact and free, profuse bloomer, flowers pure white, without spot, suitable for bouquets. \$1 each.
- Hebe the Beautiful.** Color fine cinnabar scarlet, dark blotch, and elegantly frilled petals, a vigorous and compact grower, and profuse bloomer, admirable for forcing or early spring blooming, one of the best for florists, so lovely and distinct. \$1 each.
- Coquette de Plessis.** White, with a bright rosy carmine blotch on upper petals, and feather-like centre crimson lines, under petals tipped with rosy crimson, with white side belts. This beautiful flower belongs to the class of French Fancy varieties, very early and a profuse bloomer, having a nice compact habit—qualities which particularly recommend it to the attention of florists. The very finest market flower. 50 cents each.
- Silver Mantle.** Silvery white, with soft rosy lilac spots, and rose top, a most profuse bloomer, a lovely flower. 75 cents each.
- Lapis Lazuli.** Another of those beautiful frilled French Pelargoniums; color blush white, with scarlet belted blotched, elegantly frilled like *Dr. André*, equally beautiful with the others described, neat habit, early and profuse bloomer, extra fine. 75 cents each.
- Crispiflora.** White, with rose blotches shaded lilac and blue, and beautifully fringed, a lovely variety in the style of *Dr. André*, early and profuse bloomer, fine habit, quite a florists' plant. \$1 each.
- Dr. André.** Flowers blush pink ground, the margins of the petals elegantly fringed, quite unique, a lovely plant for pot culture. Florists should grow this extensively. 50 cents each.
- May Day.** A smooth finely-formed flower, lower petals soft pink, black spot on top petals, with orange shade, large white eye. 75 cents.

Striata Pelargonium. The habit strong, vigorous and short-jointed, an abundant bloomer, fine trusses; color scarlet, upper petals with a dark blotch, and all the flowers are beautifully striped with pure white, which make this exceedingly attractive for market and for decoration either of the conservatory or window. This is undoubtedly the most saleable *Pelargonium* ever sent out. 50 cents each.

***PRIMULA JAPONICA*—Queen of Primroses.**

The "FLORAL MAGAZINE" remarks: "Since the day when 'Lilium Auratum' was displayed for the first time to the horticultural public, we cannot recollect so great a sensation to have been occasioned by any plant as by that which we now figure, when Mr. WILLIAM BULL exhibited it on May 3d of the present year. Its history is now well known, and of its merits too much cannot be said. To Mr. Fortune, already so successful in enriching our gardens, are we indebted for it; and Mr. BULL may well congratulate himself on being the first to introduce it into Europe. A *Primula* a foot and a half high, bearing four or five separate whorls of flowers, each flower an inch in diameter, and of a splendid magenta color, and the plant moreover perfectly hardy—can anything be added to this to indicate its value? We hardly think so, and every one who saw it will fully bear out our assertion, that a more beautiful or a more useful plant has not been for many years introduced into Europe. Of its hardiness there can be no doubt, as its has stood the ordeal of the last severe winter in the neighborhood of London."

Nice Plants, 30 cents each. Extra Strong Plants, 50 cents each.

CELOSIA HUTTONII.

This very beautiful plant is of compact pyremidal form and bushy habit, profusely branched, each leading branch being tipped with a small spike of bright crimson flowers. I have no hesitation in saying this is one of the best bedding out plants for our climate ever introduced. Several long rows of it the past summer in my nursery, were truly beautiful. The greater the drought and more intense the heat, the brighter shone the colors of this lovely plant. The upper surface of the leaf is of a bright deep claret color, whilst the under is of a bright crimson shade; by its side the colors of Iresine and Coleus look dingy.

25 cents per plant or packet of seed.

Campanula Medium Calycanthema Alba.

Campanula Medium Calycanthema Cœrulea.

Few of our hardy border flowers are more pleasing, or of more value as garden ornaments, than the old Canterbury Bell, called *Campanula Medium* by botanists—a biennial plant, of pyramidal growth, which inhabits Central Europe, and was introduced to our collections nearly three centuries ago, but which still holds its own; and which, whether we regard the forms with single or double blossoms, purple, blue, rose or white, of which it gives a rich harvest, stands unrivalled for its beauty.

The ordinary single form bears flowers of the shape of a broad cleanly-modelled and open bell, and the usual double forms are made up by the crowding into the interior of this bell of certain petaloid out-growths of the floral whorl, producing a flower on the model of that of a double Petunia. The variety we are now describing, takes quite a different development. In habit, the plant resembles the well-known old blue or white Canterbury Bell, "but the corolla is much larger, and the calyx in addition is enlarged to nearly 4 inches in diameter, presenting the form of a saucer, and changed from its ordinary green color to the same hue as that of the corolla." The broad bell-shaped corolla of the single flower is perfectly formed, but instead of the usual small leafy calyx, this organ becomes much enlarged, and takes on a petaloid character; and it is this which forms the peculiarity of the flower, and adds so much both to its interest and to its beauty. Price per plant, 30 cents per packet of seeds, 50 cents.

*HIBISCUS (ROSA SINENSIS) CRUENTUS.

A remarkably fine and showy plant, having the general habit and characteristics of *Hibiscus rosa sinensis*. The flowers are of a moderate size, compact and double, of a remarkably rich crimson red, and having a strikingly showy character, the color being rich, and the contour of the individual blossoms finely modelled. This beautiful plant will succeed well bedded out during summer. \$1 each.

*HIBISCUS (ROSA SINENSIS) FULGIDUS.

This magnificent variety is remarkable alike for the size, color and marking of its brilliant flowers. The flowers are of a very large size, (5 inches in diameter,) composed of fine, broad, round, and beautifully undulated petals, of an intense carmine scarlet, paler and somewhat rosy-tinted towards the base, where on each petal is an oblong blotch of deep crimson, forming a blunt-ranged star in the centre of the flower. It is one of the finest varieties yet introduced. \$1 each.

*HIBISCUS (ROSA SINENSIS) CARMINATUS PERFECTUS.

A charming plant recently imported from the South Sea Islands. It has very large flowers, nearly 5 inches across, with broad and slightly undulated petals, forming a full round flower, of perfect shape, and of a rich soft carmine rose, with a deep crimson eye. \$2 each. (Ready in May.)

*HIBISCUS (ROSA SINENSIS) PUNICEUS.

Close growing habit. The flowers are double, neat and compact, 3 inches across, of a very elegant crisped appearance. Color bright dense crimson. A very beautiful plant. \$2 each. (Ready in May.)

*HIBISCUS (ROSA SINENSIS) MINIATA SEMI-PLENA.

Brilliant flowers of a vermilion-scarlet color, darker towards the base of the petals. The flowers are semi-double, the petals very much waved and recurved, forming an irregular undulated mass 4 inches across. \$2 each. (Ready in May.)

All the above Hibiscus are among the very finest of plants for bedding out during summer.

*GLONERIA JASMINIFLORA.

A beautiful shrub, with bright green foliage, and pure white Jasmine-like flowers. The plant is of compact habit and free growth, flowering in great profusion. When more plentiful, this plant will be as extensively grown as any of the choice Jasmines. One of the finest new plants of recent introduction—native of Brazil. \$5 each. (Ready in May.)

AMARANTHUS HENDERI.

This strain of *Amaranthus* differs from all others ever sent out; being a cross between *Amaranthus Elegantissimus*, *A. Tricolor* and *A. Salicifolius*, it has produced a range of colors never before seen in any class of plants. From its graceful habit and brilliant colors it produces a striking effect, either for table decoration, conservatory, or sub-tropical gardening. They have been greatly admired, especially for table decoration, having a transparency which show their various colors distinctly when seen against the light. When young, the colors of the leaves are brown madder and bronze; as they grow larger each plant assumes its distinctive colors. The leaves vary in length to twelve inches, all gracefully bending. 50 cents each. (Ready in April.)

*BLANDFORDIA CUNNINGHAMI.

Dr. Lindley, in describing the previously known species of this tribe, thus refers to *Blandfordia Cunninghami*: "None of these are, however, to be compared for beauty with a plant of which the late Allen Cunningham gave me a

specimen, the flowers of which are fully twice as large as *B. marginata*, (*grandiflora*.) The leaves have neither serratures nor roughness on the edge, but are perfectly smooth. The flowers are of a more deep rich tint, except at the end of the petals, which are yellow." \$2 each.

***PAULINIA THALICTRIFOLIA.**

A very beautiful semi-scandent stove foliage plant, which will be most useful for all kinds of decorative purposes. It is of a slender growth, producing very freely its beautifully cut leaves, which resemble the fronds of a highly divided Maiden-hair Fern. The matured leaves are of a striking bright green, the young shoots and foliage being of a beautiful rosy tint. The plant may be grown either on a trellis or in bush form, and as such is a very great acquisition both as a plant for table decoration or to cut from. \$2 each.

***POSOQUERIA LONGIFOLIA.**

This plant forms an elegant bush, and is very free flowering. Leaves large, somewhat ovate, coriaceous and shining green; flowers tubular, pure white, produced in large corymbs of a dozen and more, waxy like, from 3 to 4 inches long, and deliciously fragrant. It is a beautiful plant. \$2 each. (Ready in May.)

***POINSETTIA PULCHERRIMA ROSEO-CARMINATA.**

This fine variety of one of the most useful of winter decorative plants resembles the type form of *P. pulcherrima*, the difference consisting in the color of the fine spreading head of bracts, which are larger, smooth, and of a brilliant rosy carmine hue. In the specimen from which these notes are drawn up, the crown of colored bracts measured 15 inches across. \$2 each. (Ready in May.)

***POINSETTIA PULCHERRIMA MAJOR.**

The present variety is a great improvement on the old species, both in the size of the individual bracts, and also in the far larger heads, which are of a bright scarlet, tinted with violet cerise. It is also dwarfer in habit than *P. pulcherrima*. Sent out by Messrs. Veitch. \$2 each. (Ready in May.)

***NERTERA DEPRESSA.**

A dwarf Alpine plant, admirably suited for pot culture or rock work. It forms a dense spreading mass; leaves small, of a bright green. It is very beautiful in autumn, the whole surface of the plant being covered with its beautiful coral-red berries. 75 cents each.

EULALIA JAPONICA VARIEGATA.—Japanese Variegated Grass.

Is a perennial hardy species from Japan, with long variegated leaves. The flower stems are from 3 to 4 feet high, very reed-like, and produce loose panicles of flowers; these panicles are hairy and erect until dried, when they become elegantly curled, closely resembling Ich-dien feathers. It is a remarkably elegant species. \$1 each.

***PHORMIUM TENAX VARIEGATUM.**

This is a finely variegated form of the well-known New Zealand Flax. The leaves are of the same size as the species, with conspicuous broad stripes of creamy white running out their whole length, and contrasting well with the light shining green ground color. It is a truly noble plant. \$1 to \$2 each.

PANDANUS JAVINICA VARIEGATA.

This variegated Screw Pine is well known as one of the finest decorative plants. It requires stove heat, but is of free growth. \$1 to \$3.00 each.

ABUTILON BOULE DE NEIGE.—*A Plate appeared of this in Catalogue for 1874.*

The Floral Magazine says of it: "Abutilon Boule de Neige was exhibited by Mr. Standish, of the Royal Nursery Ascot, and was received by him from France; he describes it as very free-flowering, as indeed could be seen from the small plants exhibited by him being full of flowers; and he also states that it is very valuable as a subtropical plant, bearing exposure to the summer well, and interesting by the contrast of its pure white flowers and green foliage. This plant will be invaluable to our Florists for cut bloom; during summer, when bedded out, and during winter in the forcing house—a charming acquisition to this group." 50 cents each.

ABUTILON DUC DE MALAKOFF VARIEGATA.

This is in the style of *A. Thomsoni*, but of stronger habit, from 2 to 5 feet in height. Its comparatively large leaves, 4 to 6 inches in width, being very richly blotched or mottled with white and gold blotches, are exceedingly attractive for centre or side groups in the summer flower garden. Its neat, erect growth will either form a very picturesque back row for a richly decorative leaf belt or by training it for bushy growth. It will also make a very elegant lower bed, or group from 2 to 3 feet in height as required. 50 cents each.

LOBELIA PUMILA GRANDIFLORA PLENA.—*Double Lobelia.*

The flowers of this beautiful Lobelia are of a light blue, very double, neat compact habit; an admirable plant for hanging baskets, bedding out; a charming little plant. 25 cents each; \$2 per dozen.

*DOUBLE CINERARIAS.

Seedling plants raised from double seed direct from the raisers. 50 cts. each.

AGERATUM, COUNTESS OF STAIR.—(*New.*)

This may be considered, without doubt, a decided advance upon *A. Imperial Dwarf*, for profuse and compact as is the habit of this latter plant, the flower heads in Countess of Stair are still more dense; and the habit of Imperial Dwarf, compact as it is, is also decidedly improved upon. There is not a shoot but throws up a head of dense blossoms beginning at only a few inches from the ground, and only ending when its entire height of six or eight inches is attained, and when the whole top of the plant is one dense mass of fragrant lavender-blue blossoms. 50 cents each. (Ready in April.)

ANTHURIUM MAGNIFICUM.—(*Grandis.*)

The foliage of this plant is truly magnificent, a noble species, with large velvety green leaves and broad silver veins. \$2.00 each.

*ANTHURIUM SCHERZERIANUM.

One of the most striking and beautiful dwarf-flowering stove plant of recent introduction, producing beautiful brilliant scarlet flowers, each of which remains from two to three months in bloom. This charming and novel plant is easy of culture, and a most abundant bloomer. \$2 each.

IMATOPHYLLUM MINIATUM.

A very excellent evergreen, warm greenhouse or cool stove plant, intermediate between *Clivia* and *Vallota* or *Amaryllis* in style of growth, with dark green leaves, and large corymbs of erect, large, clear rich salmon or light flame colored cup-like blossoms. \$1 each.

LASIANDRA MACRANTHA FLORIBUNDA.

A magnificent plant of good habit, and a most profuse bloomer; the flowers are rich violet blue, between five and six inches in diameter, and produced nearly all the year through. It requires the same treatment as *Pleroma Elegans*, but it is superior to that plant both in habit and size of its flowers. A truly charming plant. \$1 each.

STEPHANOTHUS FLORIBUNDA.

This plant is not new, but as a valuable stove climber it is unequalled. The flowers are pure white, of a waxy texture, very persistent. Some large plants in one of my greenhouses were covered with bloom the whole of the past spring and summer. Florists should grow it extensively. 50 cents to \$1 each.

DIEFFENBACHIA PICTA.

This is a very beautiful foliage plant; the leaves are dark green spotted with white. \$1.50 each.

CRASSULA.

Coccinea Superba. This is a plant well adapted for window cultivation, being of free growth, and semi-succulent. It has large trusses of bright crimson flowers. 50 cents each.

Lactea. A very beautiful winter flowering plant of easy culture, flowers freely, color pure white. For cultivating in windows few plants succeed as well as this. It is one of the very best plants for this purpose. 30 cts. each.

GUNNERA SCABRA.

This is a native of the Andes of Peru. Its broad leaves, borne upon stout petioles, are more than 4½ feet in diameter. For producing a picturesque appearance on a large lawn, or in parks, few subjects equal a finely grown specimen of this noble plant. If planted in a deep rich soil, it speedily attains a majestic size. 75 cents each.

GYMNOTHRIX JAPONICA.

An exceedingly beautiful grass from Japan, nearly or quite hardy; it is very graceful, both in growth and flower. 50 cents each.

*MARANTA TUBISPATHA.

An elegant and very attractive species, of erect habit of growth; leaves some nine or ten inches long, light green, ornamented on each side the midrib with oblong blotches of cinnamon brown. Native of the tropics of South America. \$1.50 each.

*MARANTA VEITCHII.

The leaves of this grand plant are upwards of twelve inches in length; "the under surface of a rich purplish wine color, the upper of a deep shining green, blotched with conspicuous patches along each side, of a yellowish green, almost verging on grey. The contrast is very marked, and the whole plant very beautiful." \$2.00 each.

*DIPLADENIA (ECHITES) AMENA.

Flowers of a soft pink color, suffused with rose, somewhat resembling *D. Splendens*, but in every respect a great improvement on that variety, being of superior form, the lobes being stiff and round instead of reflex and pointed. For summer blooming in the greenhouse, no climber is more lovely than this. \$1 each.

LEONTHUS LEONURUS.

This is an old but very beautiful plant, which succeeds admirably bedded out during summer, where it will produce its remarkably long terminal spikes of brilliant orange colored flowers in dense zones, throughout the summer and autumn months, making a very valuable addition to decorative summer groups. \$1 each.

PERGULARIA ODORATISSIMA.

A plant of the most delicious fragrance. The flowers or inconspicuous requires a hothouse. \$1 each. (Ready in April.)

CALLICARPA PURPUREA.

A pretty compact growing greenhouse plant of easy cultivation. The flowers are small, but are succeeded with purple berries, which are very attractive. 75 cents each.

LARDIZABALA BITERNATA.

A new hardy evergreen climber of rapid growth, very ornamental. \$1 each.

COCCOCYPSELUM REPENS.

A plant of trailing habit, very distinct. \$1 each.

ARUNDO DONAX VARIEGATA.

This is the most stately and graceful of all known variegated grasses of the garden. It forms a robust vigorous plant of majestic habit, with long, broad, elegantly decurved leaves, $1\frac{1}{2}$ to 3 feet in length, and 2 to 3 inches in width, picturesquely marked with broad silver stripes or margins their whole length. As a single specimen it forms a very ornamental feature in the flower garden. 40 cents each.

TRADESCANTIA REPENS VITTATA.

A pretty trailing plant, extremely useful for vases, hanging baskets, &c.; in habit it is similar to the old *Tradescantia Zebrina*, but the foliage is of a bright green, blotched with white; in many instances the entire half of the leaf is white. 30 cents each.

SPIRÆA JAPONICA AUREA VARIEGATA.

A most beautiful form of the fine green-leaved species, (*S. Japonica*,) which, for its decorative effect, has been so greatly admired. The present plant is a hardy herbaceous perennial, with glossy red tinted stems, and triply three-lobed dark green leaflets, richly traced throughout with gold-colored veins. The flowers are produced in large, erect, densely-flowered, snow-white, plume-like racemes, thus forming an exceedingly graceful decorative table plant. \$1 each.

BLETIA TANKERVILLÆ.

A beautiful terrestrial Orchid of free growth, the flower stems are about 18 inches high, color white and brown, the flowers are singularly beautiful. 50 cents each.

***NEW TEA-SCENTED ROSE FOR 1875.**

Duchess of Edinburgh. This extraordinary novelty among Tea Roses has just been sent out by Messrs. Veitch & Sons, London, England. The color is a deep glowing crimson, a color unknown hitherto in this class, very free flowering, and as good a bedding variety as the crimson China. The flowers are large, full, fine form and substance. Plants, (ready in April,) \$1.50 each.

***PERLE DE LYON, (TEA.)**

This is the finest yellow Tea Rose in cultivation, color a deep golden yellow, large double, and of fine form, a very vigorous grower with strong branches. \$1 each.

***MARECHAL NIEL, (NOISETTE.)**

This grand rose has now become well known. The flowers are large and full, color deep golden yellow, very vigorous grower. 25 to 50 cents each.

ROSA RUGOSA, (REGELINA.)

This attractive plant has been introduced from Japan. The flowers, which are freely produced in large terminal clusters, are about 3 inches in diameter, and are composed of five petals, which are of a most beautiful bright rosy crimson color. The flowers are succeeded by berries, which are of a large size and of a rich rosy red color, and combined with the magnificent color of the flowers, and the profusion in which they are borne, render it exceedingly useful and effective. 75 cents each.

ROSES.

During the autumn when Roses are taken from the open ground we can afford to sell at very low rates. What we offer during spring are established in pots and cannot be offered quite as low. The following are our spring prices, and when variety and quality of plants are considered, the price will be found very reasonable :

*New Hybrid Perpetual Roses of 1874. 75 cents each ; \$6 per dozen.

*New Tea-scented Noisette, &c , of 1874—Plants in 3 inch pots. 50 cents each ; \$5 per dozen.

*New and scarce Roses. 50 cents each ; \$5 per dozen.

General collection, purchasers' selection, strong in 5 inch pots. 50 cents each ; \$4.50 per dozen. (By express.)

General collection, our selection, smaller but nice plants. 25 cents each ; \$2 per dozen. (By mail.)

These last must be left in a measure to our selection ; when the person selects the full price of 25 cents each will be charged.

For names and descriptions see Rose Catalogue, which will be mailed to applicants.

MESEMBRYANTHEMUM CORDIFOLIUM VARIEGATUM.

An exceedingly attractive variegated foliaged plant, remarkably well adapted for out-door summer bedding. The branches are furnished with flat fleshy heart-shaped leaves, distinctly margined with cream color, and form a diffuse yellowish mass, entirely covering the surface of the ground. The flowers are bright rosy purple. 30 cents each.

ALOCASIA.

Marshalli. The leaves are ovate, peltate, attached to erect green stalks, the blades standing almost vertical ; while the color is a bright green, marked between the principal veins with broad wedge-shaped blotches of blackish purple. \$1 each.

Jenningsii. The ground color of leaf is a delicate green, over which, between the principal veins, are laid heavy blotches of black, which are remarkably precise in outline and arrangement as if determined by rule and compasses. 30 cents each.

Metallica. Leaves of a metallic lustre ; a grand foliage plant. \$1 each.

NEW CANNAS.

- Henri Vilmorin, (new)** Large dark green leaves, brilliant orange blossoms; leaves stand well in exposed situations. This is a very fine plant. \$1 each.
- Merechal Vaillant.** Large orange flowers, a fine, vigorous grower with large leaves of a dark bronze-crimson. 50 cents each.
- Mons. Celler, (new.)** This is the most free flowering of Cannas; leaves a light green, flowers light orange; a superb bedding variety. \$1 each.
- Musæfolia Sanguinea.** Highly ornamental variety, having broad and stately Muse-like leaves, prominently ribbed or nerved, and of a rich bronze or chocolate and crimson tint. As portable single specimens for temporary designs, it forms a very beautiful and telling effect in contrast with the massive groups of miscellaneous plants in the same order. 75 cents each.
- Prince Imperial.** Fine rich crimson foliage, very free flower; a grand plant. 75 cents each.
- Oriflamme.** Leaves large lanceolate-green, with violet veins, a vigorous showy plant, with salmon orange flowers. 40 cents each.
- Tricolor.** This novel and picturesque variety of Canna forms a very distinct and effective group for decoration. It is intermediate in height, from 2 to 4 feet, of free and compact growth. The stems, with the young terminal growth, and also leaf margins, are tinted with red, making an elegant contrast to the general effect of the foliage, which is densely streaked and mottled with cream white. 30 cents each.

AMORPHOPHALLUS RIVIERI.

This very curious Aroideæ will make a striking figure in our gardens; planted in the open ground, in April-May (like the Dahlias) the tubers will produce on a thick stem, a very extraordinary looking palmated single leaf, in the shape of a reversed umbrella. Planted in pots and put in a greenhouse, it will still grow larger than in the open ground, and keep very well, without being attended to, in drawing-rooms, etc. The whole plant is of a dark green; the stems and nerves of the leaf are irregularly spotted with white. Plant in a light rich soil, well manured and water well during summer. 50 cents each.

***BEGONIA OCTOPETALA.—New.**

A very beautiful tuberous-rooted species. Its habit of growth is vigorous and robust, with large kidney or heart-shaped leaves, having a dentated lobed margin. The flower scape rises two feet in height, producing a terminal cymose cluster or head of remarkably large and effective salver-like white blossoms, expanding from two to three inches in diameter, nearly circular in outline, and shaded with a purplish hue on the under side. This rare and truly fine species has long been lost to English gardens. \$2 each. (Ready in May.)

***BEGONIA RUBRA SUPERBA.—New.**

Of a brilliant amaranth rose, borne upon a partially drooping flower stems, and the leaves are dark green; a very beautiful and distinct tuberous-rooted variety. \$1.50 each. (Ready in May.)

***BEGONIA—FANNIE E. SAUL.—New.**

This beautiful new variety, which originated in our establishment, is of the type of *Sedeni*. The flowers are large, of a brilliant amaranth, of free growth and profuse bloomer; the best of the type. \$2 each. (Ready in May.)

***BEGONIA ROSEA ALBA.—New.**

Of neat dwarf habit, with numerous terminal projecting racemes of white blossoms, suffused with rose, a distinct and pleasing variety. \$1 each. (Ready in May.)

NEW BEGONIAS.

- Chambersii.** A garden hybrid, produced between *B. Pearcei* and *B. Sedeni*, and it retains the markings of the first named parent, but the leaves are larger; flowers freely produced, large, rosy salmon inside, pink without. 75 cents each.
- Agate.** A lovely hybrid Begonia raised from *Boliviensis*; a free grower and profuse bloomer; color vermilion orange. \$1 each.
- Topaze.** A cross between *B. Veitchii* and *Boliviensis*; a free grower and profuse flower, color bright vermilion; a very distinct and beautiful hybrid. \$1 each.
- Chicago.** The flowers are of a glossy salmon red color, produced generally in pairs, but occasionally in threes, averaging more than 2 inches in diameter, and produced very freely throughout the summer months; a cross between *B. Boliviensis* and *Pearcei*. \$1 each.
- Geranioides.** The Snow Drop itself scarcely surpasses the whiteness of the blossoms of this plant, which as an ornament for green-houses—blooming profusely during the autumn and winter months—is really charming. The habit is very dwarf and compact, with neat foliage, and flowers nearly an inch across—native of Natal. This is a very distinct and beautiful species. \$1 each.
- Carminata.** This is a tuberous-rooted variety, with narrow ovate-acuminate leaves, dark green tinged with a bronzy hue; flowers large rosy salmon, the male blooms being upwards of an inch long. It is a remarkably free bloomer. 75 cents each.
- Chelsoni.** An elegant garden hybrid, raised between *B. Boliviensis* and *B. Sedeni*. It is of good compact habit, flowers large, drooping, bright orange, shaded with red. 75 cents each.
- Pearcei.** The foliage is very pretty colored, flowers yellow, distinct and fine, a bulbous rooted species from South America, and very distinct from any hitherto introduced. 50 cents each.
- Boliviensis.** A tuberous-rooted species, growing from 18 inches to 2 feet high; the flowers are produced in great abundance, pendulous, somewhat bell-shaped, and bright shining red in color. 40 cents each.
- Sedeni.** This is a cross between an unnamed species and *Boliviensis*; but is equally of free growth and of the same upright habit as *Boliviensis*, but larger leaves. The flowers are of a richest Magenta color, and of large size, continues a long time in bloom. 50 cents each.
- Weltoniensis.** An excellent summer, autumn, and winter blooming variety, of dwarf dense habit, with crimson stems and leaf stalks, bright green leaves, and pretty waxy pink flowers. 25 cents each.
- Foliosa.** An elegant dwarf, drooping species, adapted for growing in hanging baskets, with light pink flowers, produced in great abundance. An exceedingly elegant and graceful plant; will be largely grown. 30 cents each.
- Richardsiani.** This neat and attractive plant is of dwarf habit and densely branched. The flowers grow in small cymes from the leaf axils near the ends of the branchlets, and are white. The leaves are elegantly cut. 25 cents each.
- Argyrostigma Pieta.** This belongs to the shrubby class, has leaves four to six inches long, of bright green, spotted with white. 25 cents each.
- Parnelli.** A very beautiful variety, the foliage is light green, beautifully spotted with white; a charming plant. 30 cents each.

IXORAS.

- Amabilis.** Of vigorous and compact habit, with fine dark green foliage, and deep orange salmon, well formed flowers, borne in large trusses, which are produced in great profusion. \$1 each.
- Colei.** A cross between *I. Coccinea* and *I. Alba*, having the strong free robust habit and large foliage of the former, and the pure white flowers of the latter; a good grower and free bloomer. \$2 each.

Coccinea Superba. Deep scarlet. 50 cents each.

Crocata. Rich orange red. 40 cents each.

Griffithii. Orange crimson. \$1 each.

These plants are exceedingly beautiful; they require warm stove heat, and whoever has facilities for growing tropical plants should not overlook *Ixoras*.

JASMINUM DUCHESS D'ORLEANS.

Flowers double, white like miniature, white roses, deliciously fragrant, a very valuable plant. 50 cents each.

*JASMINUM GRAND DUKE.

Flowers double, white like miniature, white roses, deliciously fragrant, similar to the above, but distinct. 75 cents each.

No plants can be more beautiful or fragrant than those blooming freely through the summer.

TABERNÆMONTANA CORONARIA PLENO.

This plant is not new, but its not cultivated to the extent it deserves; it succeeds well bedded out during summer, giving its lovely double white fragrant flowers in great profusion. 50 cents each.

CYPERUS ALTERNIFOLIUS VARIEGATUS.

A tufted grass with alternate leaves, finely variegated, distinct and very striking. 50 cents each.

EUCHARIS AMAZONICA.—*Amazonian Lily*.

Large pure white fragrant flowers, full four inches in diameter, and are produced in abundance on strong plants. 50 cents each.

ORNITHOGALUM THRYSOIDES ALBA.

A bulbous rooted plant from Natal, growing freely in a cool green-house, the flowers are 2 to 3 feet in height, having a fine thyrses of pure white flower stems, with a bronze yellow centre opening from the bottom, and having in most cases 500 flowers and upward on each spike, two-thirds of which are generally expanded at one time, and surpassing in loveliness any known white half hardy bulb. 50 cents each.

CYPRIPEDIUM INSIGNE.—*Lady's Slipper*.

This lovely plant is a native of Natal, and can be cultivated in a warm green-house; flowers freely. 75 cents each.

ANTIGONON LEPTOTUS.

A beautiful warm conservatory plant, of climbing habit, with numerous racemes of rose-colored flowers, showing a still richer tint in the centre. The profusion of its bloom, and the outlines of the petals are such as to give the resemblance of Roses at a distance, hence one of the Mexican names is "*Rosa de Montana*," or Mountain Rose. Described by its botanical discoverer as the most beautiful climber he had ever beheld. 50 cents each.

MANETTIA CORDATA.

A climbing plant, which succeeds admirably bedded out during summer. The flowers are orange scarlet, and given in the greatest profusion. 40 cts. each.

VICTORIA REGINA VIOLET.—(LEES.)

This is a most beautiful Single Violet, with blooms $1\frac{1}{2}$ inch in diameter, pale blue, very fragrant: it is a cross between *V. Czar* and *Devonienis*; a free vigorous grower, profuse bloomer, and quite hardy. 50 cents each.

DELIGHT.—*New White Fuchsia.*

Corolla most pure white, tube and sepals bright crimson, corolla large and bell-shaped, in the way of *Roderick Dhu*; very free growth, and remarkably free blooming, giving eight or ten blooms at a joint. This charming variety will be a grand acquisition to all collections. 50 cents each.

SUNRAY.—*New Tricolor-Leaved Fuchsia.*

One of the most beautiful plants ever offered; colors as rich and clear as in any Tricolor Pelargonium; the leaves, which are very large, are of a rich bright crimson, white, and bronzy green, in about equal parts. The habit and growth is all that can be desired, each plant forming a beautiful pyramid. It will make a magnificent exhibition plant, and invaluable as a decorative or market plant. Flowers of fine form, scarlet tube and sepals, with light purple corolla. 60 cents each.

*FUCHSIA—WHITE UNIQUE.

Tube and sepals bright crimson, the latter well reflexed, the corolla large and pure white, exceedingly double, and of exquisite form; it is of good growth, and very fine flowering; a great advance upon *Avalanche*. \$1 each.

*FUCHSIA.—Mrs. H. CANNELL.

This is certainly one of the greatest lifts in bringing the double white corolla to perfection, and equal to the darker kinds, both in habit, size, and growth ever yet introduced, and is unquestionably the most valuable acquisition and the queen of new florist flowers for the year. The whole appearance of the plant much resembles the dark corolla *Avalanche* sent out by Messrs. E. G. Henderson & Son, which is universally considered the best variety in cultivation. \$1 each.

*DOUBLE CHINESE PRIMROSE.—*Primula Sinensis pleno.*

MRS. JOHN SAUL.

This superb variety was raised in our establishment. The flowers are large, pure white, petals over-lapping, beautifully serrated, of fine form, robust and compact habit, profuse bloomer. Can be safely recommended as the best double white *Primula* out. \$1.50 each.

The well-known horticultural writer, F. R. Elliott, Esq., of Cleveland, Ohio, says of it: "A few days since, visiting the greenhouse of Mr. Oliver Alger, we saw, for the first time in bloom, the new Double Chinese Primrose, 'Mrs. John Saul.' It is usual for originators of new plants or fruits to praise them all they will maintain, but in this case the originator, John Saul, of Washington, D. C., has, in his description of this new flower, told only a plain tale, when saying, 'it is the best double white primrose out.' It is an abundant bloomer, with large flowers of pure white, very double, the petals over-lapping and beautifully serrated—all in all, the finest variety we ever saw."

*PRIMULA S. RUBRA PLENO. \$1 each.

*PRIMULA S. GRANDIFLORA RUBRA. \$1.50 each.

Two very beautiful varieties of double red Chinese Primrose.

PRIMULA SINENSIS FIMBRIATA.

Fine seedling plants, raised from the finest strains of single flowers; various shades of color. 25 to 40 cents each.

PRIMULA VERTICILLATA VAR. **SIMENSIS**—*Abyssinian Primrose*.

This is one of the grandest acquisitions for spring decoration; very free and early, producing abundance of beautiful flowers, its white powdered leaves rendering it a splendid variety. (Ready May 1st.) 50 cents each.

PRIMULA CURTUSOIDES AMENA. 75 cents each.

PRIMULA C. AMENA ALBA. \$1 each.

***PRIMULA C. AMENA GRANDIFLORA.** \$1 each.

Beautiful new Japanese Primroses. The flowers of the first are of a rich rosy purple, the second a pure white of good size, borne in large clusters, highly interesting as an early spring flowering plant for pot culture, nearly or quite hardy.

ALLAMANDA.

Hendersonii or **Wardleiana**. A distinct and beautiful species, which blooms quite small and continues flowering nearly the whole year, the flowers are circular, of great substance; color a rich deep yellow, fine habit. 50 cents each.

Nobilis. A distinct and beautiful new species, flowers equally as large as the finest forms of *A. Hendersonii*, of a pure rich yellow, but which are greatly superior in form to others in cultivation, by their large firm lobes being more widely imbricated. 50 cents each.

CLERODENDRONS.

Balfouri. A beautiful climbing species, which blooms profusely on the young wood, flowers scarlet and white; a plant of easy culture. 40 cents each.

Thompsonii. A very beautiful climbing stove plant, with crimson flowers, free, vigorous grower and profuse bloomer. 50 cents each.

Speciosum. This beautiful plant forms a fine intermediate variety between *C. Splendens* and *C. Balfouri*, with the rich dark green leaves of the former, and differing from the latter in producing numerous racemes of rich rose or violet tinted crimson blossoms. 50 cents each.

Coronaria. A very desirable plant, flowers double, white, very fragrant, fine for bedding out. 40 cents each.

Clerodendron Bungei. This is a handsome hardy shrub from Northern China, with ample pubescent leaves. The leaves give out a disagreeable odor, whilst the flowers emit a delicious perfume; flowers lilac-rose, in dense terminal corymbs, a very desirable new shrub. \$1 each.

IDESIA POLYCARPA.—(*Polycarpa Maximowiczii*)

A large tree from the Amour, of rapid growth, with large foliage. This is a very desirable tree for the Northern States, as very hardy. \$1 each.

DESMODIUMS.

Japonicum. A pretty dwarf Japanese shrub, which is quite hardy. "Its drooping branches are entirely hidden by millions of its purple flowers, which are freely produced from August to beginning of winter." 50 cts. each.

Penduliflorum. Similar to the last, with white flowers. 50 cents each.

ARALIAS.

Japonica, (*Sieboldtii*.) A very handsome shrub, with large shining foliage. 50 cents each.

Papyrifera. Rice paper plant. 30 cents each.

LOMARIA GIBBA.

A dwarf tree, fern of great beauty which cannot be too highly recommended to all lovers of this beautiful class of plants. 25 to 50 cents each. Low by the dozen or 100.

THALICTRUM ADIANTOIDES.

A very elegant hardy perennial, from 12 to 18 inches in height, and in mature growth nearly equal in diameter; of a neat branching habit; in delicacy of structure it rivals the finest species of exotic Adiantums or Maiden-hair Fern, by the exquisite beauty of its leaf fronds. 75 cents each.

AQUILEGIA CHRYSANTHA.

This is unquestionably one of the finest Perennials. Its large golden yellow long spurred flowers are produced in great abundance, from densely tufted plants which maintain a long succession of blooms. It is a native of the Rocky Mountains. 50 cents each.

CAMPANULA VIDALLII.

A very fine species of Bell-flower, with large white flowers, very lovely. 50 cents each.

HEMEROCALLIS.—*Disticha pleno*.—(DAY LILY.)

A double flowered variety of this fine old perennial herbaceous plant, flowers of an orange yellow; after growing this superb plant two seasons, I can recommend it as one of the most beautiful as well as one of the most valuable hardy herbaceous plants ever introduced. 75 cents each.

HEMEROCALLIS KWANSO VARIEGATA FL. PL.

A superb hardy plant, producing long deep green leaves, broadly striped with white; in addition to which it produces very large double copper-colored flowers. 75 cents each.

PRINCE OF ORANGE PICOTEE.—*Monthly or Tree Carnation*.

Color clear yellow, petals fringed and clearly margined with bright crimson, strong vigorous grower, and free bloomer. Awarded first-class prizes wherever exhibited in England; a very beautiful flower. 50 cents each.

PHLOX.—*Queen of Whites*.

In the trial grounds of the garden of the London Horticultural Society, this was decided on as the finest White; it was described as having grand panicles of white flowers. 75 cents each.

SALVIA HORMINUM VIOLACEA.

This plant cannot be offered in the strict sense of a new variety, but it has never become generally cultivated, and is now offered as one of the most beautiful plants for summer decoration. It grows from twelve to eighteen inches high, and is very compact in habit, the brilliant violet hue of its bracts, which last a long time in full beauty, rendering it very effective. 30 cents each.

MISCELLANEOUS NEW OR SCARCE PLANTS.

Abelia rupestris. A dwarf compact growing plant, nearly hardy, flowers pure white in long racemes during summer. 50 cents each.

Abelia Uniflora. Compact dwarf growing plant, flowers during summer, color light red. 50 cents each.

- Abutilon Vexillarium Variegatum*. The foliage of this beautiful variety is spotted and blotched in the style of *A. Thomsonii*, and fully as beautiful as the foliage of that fine plant. 20 cents each.
- Abutilon Thomsonii*. The color of the leaf is a bright green, shaded and mottled with yellow, having the appearance of mosaic work. 20 cents each.
- Alopecurus Pratensis, Aureo Variegatus*. An elegant form of variegated grass. It is a hardy perennial, having the leaves streaked and margined with golden yellow, which gives to the herbage a distinct golden tinge, such as may be seen from a distance. 20 cents each.
- Ampelopsis Veitchii* or *Tricuspidata*. A miniature foliaged Virginian Creeper, which clings to any building with the tenacity of the strongest Ivy, is of exceedingly rapid growth, and from earliest spring it produces its beautiful purple tinted leaves, turning red in autumn. 25 cents.
- Anemone Japonica Alba*, (Honorable Jobert.) Makes a splendid bed for autumn flowering, large white flowers, handsome perennial. 25 cents each.
- Aquilegia Glandulosa*. 25 cents each.
- Skinerii*. 25 cents each.
- Cerulea*, a very blue Columbine from the Rocky Mountains. 30 cents each.
- Double mixed. 25 cents each.
- All beautiful hardy perennials.
- Aspidistris lurida Variegata*. A large foliage plant, leaves finely striped with white and green. 75 cents each.
- Bambusa Fortunei Variegata*. Beautifully variegated Palm-like leaves; it is a very ornamental plant; although not quite adapted to edging of beds, it is splendid as a single plant; in the summer it requires abundance of moisture. 30 cents each.
- Bougainvillea Glabra*. This is the freest grower and bloomer of the genus, a very fine winter blooming plant; color a rosy pink. 50 cents each.
- Centaurea Gymnocarpa*. Leaves of a downy white, forming an admirable contrast with *Coleus* and other foliaged plants. Beautiful for bedding out. 20 cents each.
- Centaurea Argentea Plumosa*. This variety has very elegant silvery surfaced leaves, long and Fern like. The best white-leaved plant in cultivation. 30 cents each.
- Centaurea Clementei*, (new.) A plant of robust growth, suitable for decorative groups, producing large rosette-like leaf clusters from the base, with white deeply serrated lobed leaves. 30 cents each.
- Cissus Lindenii*. The foliage of this showy plant is bright green, veined and banded with silvery white. (New.) 30 cents each.
- Cissus Amazonica*. A distinct and beautiful, leaves long, with a band of white in the centre. 30 cents each.
- Cissus Discolor*. Foliage beautifully shaded with silver, crimson and purple. 30 cents each.
- Caladium Esculentum*. A magnificent plant for bedding out where large, broad tropical foliage is desirable, grows about four feet high, very effective. 30 cents each.
- Cyclamen Persicum*. These have been raised from the finest strain, and embraces many new and beautiful varieties. As a winter blooming plant it is invaluable. 50 cents each.
- Dalechampia Roezliana Rosea*. This fine plant blooms very freely and produces its flowers nearly throughout the year, but especially so during the winter. Individually the flowers are extremely handsome, and last long time in beauty, owing to the persistent nature of the bracts. 50 cents each.
- Deutzia Crenata Flora Pleno Alba*, (Double White Deutzia.) A double white variety of this exceedingly beautiful shrub; valuable for garden culture or forcing. 30 cents each.
- Erythrina Crista Galli*. Beautiful summer flowering plant with dark crimson coral-like flowers. The roots, which are fleshy, can be put away in a cellar, like *Dahlias* during winter. There is no plant more valuable than this for bedding out in our climate, and very beautiful. 50 cents each.
- Erythrina Madame Belangier*. A very beautiful coral plant, dwarf compact habit, very free flowering. 75 cents each.

- Erythrina* Herbacea. This fine species is a native of our Southern States, flowers rich coral, very free. 50 cents each.
- Eranthemum Andersonii* or *Elegans*. This very beautiful plant is of free vigorous growth, producing long terminal spikes of its pure white and rich lake flowers during the winter months, which last a long time in perfection—a plant of great beauty. 40 cents each.
- Eranthemum Sanguinolentum*. This lovely plant has deep green leaves, in pairs about three inches long, with a velvety pubescence on both surfaces, and the veins accompanied with broad bands of bright crimson. A truly charming plant, which will be extensively grown. 25 cents each.
- Erianthus Ravennæ*. A fine grass of rapid growth, when in full bloom said to attain a height of 9 to 12 feet, added to which it is quite hardy. 25 cents each.
- Fittonia Argyroneura*. A trailing plant with light green foliage, beautifully striped with white; will be invaluable for hanging baskets or vases. 25 cents each.
- Gymnostachyum Pearcei*. A new and superb species, equal or superior in habit and coloring to the above; a good grower, and in every respect one of the most beautiful of foliage plants. 40 cents each.
- Gymnostachyum Giganteum*. In this beautiful new species we have a plant of equal beauty with the two foregoing, but much more robust and vigorous in growth, very easy of cultivation. A superb plant. 30 cents each.
- Gymnostachyum Vershaffeltii*. Stems and branches are of a reddish tinge, red leaf stalks, upper surface of the leaf smooth and richly painted with reticulations which vary from red to rich pink, passing into brilliant scarlet, on a fine deep green ground. 25 cents each.
- Gynerium Argenteum*. (Pampas Grass.) This very beautiful grass has become quite popular. Its heads of flowers are like plumes of feathers. 25 cts. each.
- Hemerocallis Thunbergii*. A fine new species from Japan. 75 cents each.
- Holcus Lanatus*, *Alba Variegatus*. A new and exceedingly elegant form of white variegated grass, and will be extensively cultivated, when known. This grass is superior to *Poa T. Argentea*, has broader foliage, equally as well variegated, and stands our hot weather better. 20 cents.
- Graptophyllum Pictum*. Leaves deep green with a large blotch of bright gold in the centre, a beautiful foliage plant, requires a hothouse. 50 cents each.
- Iberis Gibraltaria*. This beautiful plant grows 1½ to 2 feet high, flowers pure white in profusion during winter; requires a greenhouse. 40 cents each.
- Iberis Sempervirens*, (Evergreen Candytuft.) Pretty dwarf shrubby plants, which are covered with snow white blooms in the early spring months. Hardy and of the easiest culture. 25 cents each.
- Ligularia Kempferi Argentea*. A herbaceous plant nearly or quite hardy, with large finely variegated leaves, very superior to the well known *Farfugium grande*. 40 cents each.
- Libonia Penrhosiensis*. It is an exceedingly useful decorative plant, freely producing its fine showy flowers, which are of a bright rich crimson color, passing into fiery red. It blooms in the most profuse manner in the depth of winter, and being easily cultivated, is a most desirable plant. 25 cents each.
- Libonia Floribunda*. A very pretty plant of compact habit, bearing a profusion of scarlet and yellow tube-shaped flowers from the axils of each leaf, a most desirable late autumn and winter-flowering plant. 25 cents each.
- Lysimachia Nummularia Aurea*. This is a new and distinct variety of that old fashioned favorite known as *Moneywort*; it differs from the old variety only in the color of the foliage, which is of a soft yellow color, very similar to the *Golden Feather Pyrethrum*. It forms one of the most charming carpets for rock work that can be imagined. 20 cents each.
- Mikania Violacea*, (Parlor Ivy.) A creeping plant with purplish green upper surface of leaf; under, glossy carmine. An excellent plant for suspending baskets, &c. 30 cents each.
- Penstemon Spectabile*. A magnificent perennial *Penstemon*, with long spikes of purple and blue flowers. 50 cents each.
- Penstemon Centranthefolia*. Another fine perennial, with spikes of scarlet flowers. 50 cents each.

- Penstemon Murrayanus*. A hardy perennial, with long spikes of scarlet flowers. 30 cents each.
Penstemon Grandiflora. A hardy perennial, with long spikes of light purple flowers. 25 cents each.

PEPEROMIA ARGYREA. 25 cents each.
PEPEROMIA MACULATA. 25 cents each.
PEPEROMIA MAGNOLIFOLIA. 25 cents each.
PEPEROMIA VERSCHFFELTI. 25 cents each.

Pretty dwarf growing plants, requiring partial shade and moisture, suitable for baskets and wardian cases. The color of the leaves are delicately blended, being bright green along the lines of the nerves, and greyish white between.

- Plumbago Capensis*. We have no plant of the same color of flowers to approach this for summer bedding. Plants bedded out in May will continue flowering through the summer; color a delicate azure blue. The plants can be kept in a cellar during winter. 30 cents each.
Plumbago Larpentæ. Like the last, this blooms through the summer; color bluish purple. 30 cents each.
Peristrophe Angustifolia Aureo-Variegata. A most elegant little plant as an edging plant for summer bedding, excellent for hanging baskets. The leaves are bright orange in the centre, and margined with dark green, its habit dwarf, compact and of free growth. 20 cents each.
Richardia Alba Maculata. This is a species of "Calla," the leaves of which are spotted with white. It succeeds best planted in the open border during summer and taken up in the autumn. The flowers are white, shaded inside with violet. 30 cents each.
Saxifraga Japonica Tri-color. Three-colored leaves, &c., beautiful for hanging baskets. 20 cents each.
Saxifraga Sarmientosa. Foliage prettily reticulated. 20 cents each.
Sedum Macrophyllum Aurea Marginata. A remarkably fine *Sedum* with large foliage, centre deep green, margined with bright yellow, quite hardy, suitable for baskets, &c., a fine plant. 36 cents each.
Sedum Japonicum Variegatum. Habit dwarf and compact, leaves a light green ground with a golden blotch in the centre, a beautiful plant for baskets, rock work, bedding out, &c. 20 cents each.
Sedum Spectabile Purpureum. A most compact erect growth, with glaucous green leaves, on firm succulent stems, each stem bearing a large flat cymose head of flowers, 6 to 7 inches across, formed of rich rosy purple florets. 30 cents each.
Salvia Heeri. Unlike most of the winter-flowering *Salvias*, this variety has the merit of flowering most profusely in a cool house. The flowers are tubular, $1\frac{1}{2}$ to 2 inches in length, with small lip, bright glossy scarlet, with carmine tint in the throat, and borne in long terminal spikes 12 to 18 inches long. 40 cents each.
Salvia Splendens Alba, (White Scarlet Sage.) A very remarkable novelty in the form of a white variety, of the well-known Scarlet Sage, in which not only the flower, but also the calyx or outward flowering sheath is of the purest white. 20 cents each.
Sanchezia Nobilis Variegata. This highly ornamented plant is of good habit and vigorous growth, producing leaves upwards of twelve inches in length, and of most intense green, the veins being broadly margined with golden yellow. As a variegated, fine foliaged plant, it stands unrivalled. 30 cts. each.
Schizostylis Coccinea. A bulbous rooted plant, having flowers varying from deep crimson to vivid scarlet. It is nearly hardy and of the easiest culture, blooming profusely, during the winter months, in an ordinary greenhouse. 30 cents each.
Thyracanthus rutilans. The flowers of this plant are borne in long pendulous racemes, having a very graceful appearance, bright scarlet color. 50 cents each.
Thymus Citriodorus Aureo-Marginatus. A beautiful dwarf-growing variety; the leaves are dark green, broadly margined with rich yellow. 15 cts. each.

- Thunbergia Laurifolia*. This magnificent climber cannot be too highly praised. To the Florist, and all who require winter blooms, it is indispensable, as it flowers in the greatest profusion during the winter months. Color delicate violet blue. 50 cents each.
- Thunbergia Fragrans*. Another valuable winter blooming plant, flowers pure white, and free flowerer. 50 cents each.
- Tritoma Grandis*. This beautiful plant has spikes of flowers 3 feet high, color orange scarlet. 30 cents each.
- Tritoma Glaucescens*. Foliage glaucous. 30 cents each.
- Tritoma Uvaria*. Long spikes, color orange scarlet. 25 cents each.
- Viola Cornuta*—"Purple Queen" 20 cents each. \$2 per dozen.
- Alba—pure white. 20 cents each.
- Blue Perfection—deep blue, large and fine. 20 cents each. \$2 per dozen.
- Magnificent—color rich deep violet, small yellow eye. 25 cts. each. \$2.50 per dozen.
- Lutea—yellow. 20 cents each. \$2 per dozen.
- Emperor William—color rich violet purple. 30 cents each.
- Wigandia Caracasana*. A foliage plant, with very large leaves, and of very striking appearance when bedded out among other sub-tropical plants. 40 cents each.

FUNKIA—Japan Day Lily.

- Fortunii*. Large white flowered. 75 cents each.
- Japonica Alba*. White day lily. 35 cents each.
- Liliflora*. White flowered. \$1 each.
- Sieboldi*, (new.) 75 cents each.
- Undulata Variegata*. The variegation is pearly white all through the spring, very attractive. 50 cents each.

All the above are beautiful hardy perennials.

NERIUM—Oleanders.

- **Album Plenum*. Double white. 50 cents each.
- Album Maximum*. Large white semi-double. 50 cents each.
- **Atropurpurea Plenum*, (new.) Double dark purple. \$1 each.
- Carneum Plenum*. Double flesh color. 50 cents each.
- **Flavum Duplex*, (new.) Double yellow. \$1 each.
- Grandiflorum Plenum*. Cherry crimson, double. 50 cents each.
- **Jean d'Arc*. Double white. 50 cents each.
- **Madoni Grandiflorum*, (new.) Beautiful double white flowered splendens, free blooming, superb. \$2 each.
- **Madame Chas. Baltet*, (new.) Beautiful. \$1 each.
- **Souvenir de Claude Sahun*, (new.) Double carmine. \$1.50 each.

The above are all beautiful varieties of this well-known summer ornamental plant.

NEW BOUVARDIAS.

For autumn and winter blooming plants, the *Bouvardias* are well known to every florist. They are of the easiest culture, giving their rich colored flowers in great profusion.

- Bridal Wreath*. This is free and vigorous. The bloom is produced freely in large cymose clusture of white flower-lobes, broader than any other in its section, and delightfully fragrant. 50 cents each.
- Alba Odorata*. This differs from *B. Longiflora* in its more compact vigorous dwarf habit, lasting longer in bloom than any other. Pure white centre of great substance, and very richly fragrant. 50 cents each.

Candadissima. Its growth is comparatively dwarf, with numerous terminal racemes of pure white blossoms, each three-quarters of an inch in diameter. 50 cents each.

**Humboldti* *Corymbiflora*. Large, snow white. *B. Humboldti* produces but one solitary flower on each branch, generally a terminal one, but occasionally on the lateral or side growth; the blossom is the largest hitherto known in the group, four sizes larger than the well known *B. Jasminoides*; the flower tube 3 inches in length, and the terminal ray-lobes $1\frac{1}{2}$ inch in width; in color, snow white, and exquisitely fragrant. \$1 each.

Jasminoides *Longipetala*. The free vigorous growth of *B. Jasminoides*, and flower one-half larger, with compact terminal thyrse-like racemes of large pure white trumpet-like flowers, with petal lobes nearly an inch in width, delightfully fragrant. 50 cents each.

**Maiden Blush*. This desirable variety is a counterpart of *B. Davidsonii*, in its neat growth and profusion of bloom, but differs in its bright blush pink flower tubes and lobes. As a winter-flowering kind it will be found an elegant acquisition for bouquets and vase decoration, and distinct in color from any other. \$1 each.

Queen of Roses. The first known among this color with fragrant flowers, producing large terminal branching clusters of pure bright rosy-pink trumpet-like blossoms. Its neat, vigorous and freely branched growth yields a long succession of bloom. 50 cents each.

Umbellata Alba. Flowers in compact clusters; flower tubes cream tinted with broad pure white petal lobes. In its large and compact heads of bloom, it is in the style of *B. Davidsonii*, but much neater in its leaf growth. By its improvement in habit, and free from bloom in winter—a better plant than either *B. Davidsonii* or *B. Vreelandi*. 50 cents each.

BOUVARDIAS.—General Collection.

Leiantha. Dazzling scarlet. 25 cents each.

Floribunda. Flowers orange scarlet, very distinct and fine. 25 cents each.

Delicata. Delicate flesh. 25 cents each.

Hogarth. Splendid raceme, rich scarlet, vigorous grower, fine habit. 25 cts. each.

Longiflora. Snow white, long tube, beautiful. 25 cents each.

Hendersonii. Delicate waxy flesh color, a sport from *Hogarth*. 25 cents each.

Elegans. Color a scarlet carmine, flowers and trusses of immense sizes, larger than any other variety. 25 cents each.

Laura. Bright pink. 25 cents each.

Jasminoides. A beautiful species in the way of *B. Longiflora*. It is a more ready blooming plant, with larger terminal and auxiliary racemes of equally fragrant snow white flower tubes. 25 cents each.

Davidsonii. The finest of all white *Bouvardias*, and of the free growth of its parent *Hogarth*. 25 cents.

Vreelandi. White, very similar to *Davidsonii*. 25 cents.

DRACÆNA.—Dragon Tree.

For decorative purposes these plants are now extensively grown, their broad dark tropical foliage and graceful habit render them very appropriate.

Guilfoylei. A most superb species, with long pendant lanceolate acuminate leaves; the ground color is bright green; fully one-half the leaf, however, is striped with white and bright rosy-red, the latter color mostly forming the border in addition. It is a native of New Zealand, and is one of the most ornamental greenhouse plants at present in cultivation, and cannot be too highly recommended. \$2 to \$4 each.

Ferra. Foliage broad dark crimson. 50 cents to \$1 each.

Nobilis. Foliage broad, bright crimson, very rich. \$1.50 each.

Spectabilis. Foliage long green, very graceful. 50 cents each.

Terminalis. Foliage bright crimson. 50 cents each.

CORDYLINE.

Australis. Very long narrow graceful foliage. 50 cents to \$1 each.

Indivisa. Long narrow graceful foliage. 50 cents to \$1 each.

Vivipare var. Leaves deep green. 25 to 50 cents each.

Australian plants of much grace and beauty, admirable for vases, single specimens on lawns, &c.

CROTON or CODIUM.

These very ornamental plants are natives of the South Sea Islands; they are among the most beautiful of variegated plants, the leaves being blotched with yellow and red in various ways, which renders them most attractive and valuable for decorative purposes. They are of the easiest culture, succeeding in any warm greenhouse.

Aucubæfolium. Leaves large dark green, blotched with golden yellow. 50 cents to \$1 each.

Augustifolium. Leaves very long green, blotched with red and yellow. 50 cents each.

Hillianum. Leaves dark green, blotched and splashed with red and yellow. 50 cents to \$1 each.

Cascarilla. Leaves long, twisted and crimped, blotched with golden yellow. 50 cents each.

Interruptum. Very long leaves, nearly an inch broad, midrib bright scarlet, shading to a golden yellow, an exceedingly graceful plant, one of the finest in the group. \$1 each.

Longifolium. Leaves green, blotched and striped with golden yellow, very long and graceful, a magnificent plant for decorative purposes. 50 cents to \$1 each.

Picta. Foliage dark green, spotted with red and yellow. 40 cents each.

Variegatum. Leaves dark green, blotched and spotted with golden yellow. 40 cents each.

Varietum Elegans. Leaves dark green, striped with gold, midrib golden yellow. \$1 each.

Variegatum Rubrum. Leaves dark green, striped and spotted with red and golden yellow. 40 cents each.

GARDENIA—Cape Jasmine.

The Cape Jasmine is well known from its delicious fragrance, as well as the beauty of the flowers, which are large, white and double.

Florida. Large double white. 25 to 50 cents each.

Florida Major. Very large double. 50 cents each.

Florida Majestica. Very large double white. 50 cents each.

Fortunii. Fortune's large double white. 50 cents each.

Camelliflora. Large double white. 50 cents each.

Radicans. Profuse bloomer. 25 to 50 cents each.

Radicans Variegata. Variegated leaves. 25 to 50 cents each.

HIBISCUS ROSA SINENSIS—Chinese Hibiscus.

All are magnificent plants for bedding out.

Grandiflora. This is a beautiful new plant in the way of the fine old plant *H. Rosa Sinensis*, it has very large flowers of rosy crimson, one of the finest plants for bedding out, magnificent 25 to 50 cents each.

Cooperii tricolor. Beautifully variegated in foliage and flowers. 25 to 50 cents each.

Rosa Sinensis. Flowers deep crimson, single. 25 to 50 cents each.

Rosa pleno rubra. Double crimson. 25 to 50 cents each.

Rosa pleno Jaune. Double yellow. 25 to 50 cents each.

Rosa pleno Aurantiaca. Double orange. 50 cents each.

LOBELIAS.

- Blue King—Very large flowers, of the most lovely blue, with a clear white eye.
 Paxtonia—Blue, white centre.
 Speciosa—Blue.
 Gordonii—Blue, fine variety.
 Gracilis Celestina—Celestial blue, distinct, fine.
- Carter's Cobalt Blue—A very beautiful new variety.
 Distinction—A fine blue.
 White Perfection—Finest white.
 Crystal Palace—Indigo blue.
 Ramosa—Azure blue.
 Queen of Whites.
 Pumila Grandiflora flora pleno—25 cents each. See Novelties.

These pretty flowering plants are indispensable for baskets, vases, &c.; they are also valuable for the margins of beds, blooming for several months. Price 15 cents each—save where priced. \$1.50 per dozen, including one double.

SWEET SCENTED VIOLETS.

- Double Blue Neapolitan. 25 cents each. \$2.50 per dozen.
 The Czar. Blush purple, large and fine. 20 cents each. \$2 per dozen.
 Schoenbrun. Ever blooming, single dark blue, an excellent variety. 20 cents each. \$2 per dozen.
 Queen of Violets. Double white, back of petals blue, very large and fragrant. 40 cents each.
 King of Violets. Very large and very double, color indigo shaded with violet, occasionally striped. 25 cents each.
 Marie Louise. Very fine double flowers, purple, with white centre, forces well. 25 cents each. \$2.50 per dozen. \$20 per one hundred.
 Princess Louise. Double white, fine. 30 cents each. \$3 per dozen.
 Devoniensis. Single blue, large, very fragrant. 25 cents each.
 Victoria Regina—(Lees.) See NOVELTIES.
 Double White. 30 cents each.

ECHEVERIA.

These pretty plants are similar to the *House-Leek*, but much more ornamental.

- Secunda Glauca. Leaves of a beautiful glaucous, flowers yellow and scarlet. 30 cents each.
 Metallica. Very large, shell-like leaves, of a beautiful metallic lilac hue. 30 cents each.
 Sanguinea. Leaves of a deep bright color, fine. 30 cents each.

WHITE CRAPE MYRTLE.*Lagerstramea Indica Alba.***LAGERSTRAMEA CRAPE MYRTLE.**

- Indica Alba.** White Crape Myrtle, a very beautiful shrub. 40 cents each.
- Rosea.** Rose or pink, the variety generally grown. 25 cents each.
- Purpurea.** A bright purple, a vigorous grower and free bloomer. 40 cents each.
- Magenta.** Color a bright magenta. 40 cents each.
- New Crimson.** Bright deep crimson, no variety hitherto introduced approaching it in color; a profuse bloomer, giving immense heads of its rich flowers. 40 cents each.

The Crape Myrtle is well-known in this latitude and South as our most beautiful summer flowering hardy shrub. North, it will need protection.

DWARF FREE FLOWERING POMEGRANATE.**PUNICA NANA.**

A beautiful dwarf, free-flowering Pomegranate. It blooms freely in a very small state, and larger specimens are sheets of bloom. In the Middle and Southern States, it is highly recommended for bedding purposes, being a profuse bloomer, and exceedingly desirable from its rich color, brilliant orange scarlet. For fall and winter blooming, in the greenhouse, it is equally valuable, where cut flowers are required. 30 cents each.

Punica Granatum Alba Pleno. Double white. 40 cents each.

Rubra Pleno. Double red. 40 cents each.

Rubra Prolifera. A profuse flowerer. 50 cents each.

HYDRANGEAS.

Hydrangea Acuminata. This exceedingly beautiful new variety has large heads of pink flowers, withstands the sun well. 50 cents each.

Glauca or *Nivea.* A native species, flowers white. 30 cents each.

Hortensia. The well-known garden variety, has immense heads of beautiful pink flowers. 25 cents each.

Hortensia Imperatrice Eugenie. Large heads of pink flowers, tinted with blue. 25 cents each.

Hortensia Variegata. Leaves green, margined with yellow. 50 cents each.

- Hydrangea Hortensia Variegata Speciosa*, (new.) In this striking variety the margin of the leaves are green, with a broad white band passing through the centre. \$1 each.
- Involucrata Vera*. A beautiful and distinct new species. 50 cts. each.
- Japonica Lindleyi*. New and distinct. 40 cents each.
- Macrocephala*. Immense heads of pink flowers. 40 cts. each.
- Rosa-alba*. A beautiful new variety, flowers pure white in the greenhouse; out doors, bright pink. 30 cts. each.
- Otaksa*. A very beautiful plant from Japan, flowers large bright pink tinged with blue, produced freely; the flowers last a considerable time; a splendid plant, and probably quite hardy. 30 cents each.
- Paniculata Grandiflora*. A highly ornamental shrub with enormously large dense flower heads, opening pure white and tinted with rose in their mature bloom, flowers profusely during summer, and perfectly hardy. 25 to 50 cents.
- Pubescens*. Leaves very downy, flowers pure white. 40 cts. each.
- Quercifolia*. Oak leaved, leaves large dark reddish tinge, flowers white, hardy. 50 cents each.
- Stellata Flora Pleno*. A magnificent new Japanese variety, flower heads very large, double, of a bright pink. 50 cents each.
- Thunbergii Flora Peris*. A distinct species, much smaller foliage, and flat cymes of pretty blue flowers. 50 cents each.

PASSIFLORA—Passion Flower.

- Trifasciata*. Leaves dark green, tri-lobed, each lobe having a broad central band of rose, a very distinct Passion Flower, flowers white, requires a greenhouse. 30 cents each.
- Princeps*. Flowers rich crimson, a very fine greenhouse climber. 50 cts. each.
- Cœrulea*. Cœrulean blue, a beautiful old variety, nearly hardy, requires only slight protection in severe weather. 30 cents each.
- Incarinata*. This variety is perfectly hardy in this latitude. In very severe winters it is killed to the ground, but on the return of spring it puts out with great vigor, growing luxuriantly, and flowering profusely during the summer months; similar in color to *Cœrulea*. 30 cents each.
- Species from Texas. The flowers of this plant are white, a free bloomer, and nearly or quite hardy. 50 cents each.

TACSONIA—A Section of Passiflora.

- Van Volxemi*. A splendid conservatory climber, with large scarlet crimson blossoms; it may be regarded as a scarlet greenhouse Passion Flower, an exceedingly beautiful climbing plant. 40 cents each.
- Buchananii*. Another magnificent conservatory climber, with brilliant orange scarlet flowers, most profuse bloomer, and one of the finest Passion Flowers. 50 cents each.

CLEMATIS.

Among the most beautiful of climbing plants are the Clematis—whether trained over lattice work, on pillars or trailing on the ground. There can now be found among them great variety of color, all are profuse bloomers.

- Flammula*. Sweet scented, the flowers are small, pure white and deliciously fragrant. 25 cents each.
- Alexandra*, (new.) Large flower, color reddish violet, continuous bloomer. The habit of this variety is most luxuriant, and blooms finely through the summer, and till late in the autumn. \$1.50 each.
- Albert Victor*. A thick velvety texture and extra fine shape, flowers large deep lavender, with brown ribs down the centre petal: the ribs changing to white with age. \$1 each.

- Atropurpurea.** Large and intense crimson blue. 50 cents each.
- Fulgens.** Deep violet purple, with a reddish band through the centre of each petal. 50 cents each.
- Fortunei.** A very fine species from Japan, flowers double, white and fragrant, beautiful. 50 cents each.
- Florida Standishii.** One of the most beautiful, flowers of a kind of violet blue with crimson and carmine shining through it. 50 cents each.
- Gem.** This is a robust plant and a most profuse bloomer, continuing in full beauty late into the autumn, flowers as large as those of *C. Lanuginosa*, but a most intense rich blue \$1 each.
- Jackmani.** A lovely hardy climber, with large flowers of a deep purple light violet; a profuse bloomer. 50 cents each.
- Jeane d'Arc.** Flowers white, large and perfect, petals long, with three pale blue stripes on each petal. The plant is of vigorous habit, and elegant in appearance. \$1.50 each.
- John Gould Veitch.** We cannot too strongly recommend this magnificent "Double Blue Clematis" as a most valuable addition to this class of plants. It is a profuse bloomer, the flowers being very double, of a large size, (four inches in diameter,) and of a beautiful light blue. \$1.50 each.
- Lady Bovill.** A lovely new Clematis, having flowers of a lavender blue, good grower and free bloomer, very fine. \$1 each.
- Lady Caroline Neville.** Fine flower, from six to seven inches in diameter, color delicate blush white, with a broad purplish lilac longitudinal band in the centre of each petal. \$1.50 each.
- Lady Lonsborough.** A robust constitution, producing its elegant flowers in great abundance; color a delicate silvery grey with a white stripe down the centre of each petal, a pink stain at the base of the stamens gives it a very pretty appearance. \$1.50 each.
- Lanuginosa.** A beautiful species, with light azure flowers, which form an admirable contrast to the others. 50 cents each.
- Lanuginosa nivea.** A variety of the last, with large white flowers, a very fine and distinct sort. 75 cents each.
- Madame Van Houtte, (new.)** Flowers pure white, very large, of the finest shape and good substance. \$1.50 each.
- Marie Lefebvre, (new.)** Flower from six to seven inches in diameter, delicate violet white, with a broad purplish lilac longitudinal band in the centre of each petal, very fragrant. \$1.50 each.
- Miss Bateman.** A magnificent plant of both growth and flower; the blooms are large, of good shape, and pure white, banded with creamy white down the centre of each petal. \$1 each.
- Mrs. Jas. Bateman, (new.)** Flowers very handsome, pale lavender in color, freely produced, very lovely. \$1 each.
- Princess of Wales.** Large flowers of a deep rich violet purple, with red bars down the centre of each petal, a beautiful variety. 50 cents each.
- Rubella.** Flowers of a rich velvety claret, the deepest color of any Clematis, generally has six petals to each flower 50 cents each.
- Rubra Violacea.** Intense narrow shaded reddish violet flowers, which are of a rich velvety appearance. 50 cents each.
- Star of India.** Flowers are of a good shape, and measure from four to five inches in diameter; color rich violet purple, with a rosy purple band in the centre of each petal. \$1 each.
- Thomas Moore, (new.)** Deep rich violet-tinted puce, a very large flower, occasionally nine inches in diameter; this variety has a curiously conspicuous tuft of white stamens. \$1.50 each.
- Tunbridgensis.** Flowers of exquisite shape, four to six inches in diameter, dark blue, shaded with purple and ribbed on the centre of each petal with deep purple. \$1 each.
- Viticella Major.** Large flowered, color deep purple. 40 cents each.
- Major Rubra.** Flowers large, light red 40 cents each.
- Venosa.** Flowers crimson veined and striped with white. 50 cts. each.
- Lucie Lemoine.** Fine double white; the flowers are composed of 75 to 90 petals. In the first period of its flowering the blooms are semi-circular in shape, resembling a gigantic double white Zinnia, and the few stamens are of a sulphur color. \$1.50 each.

HARDY DOUBLE PRIMROSES.***Primula Vulgaris.***

In the rage for novelties, these lovely old garden favorites have been overlooked; there are no flowers which give a greater charm to the flower garden in spring, from their great beauty and delicious fragrance, and are quite hardy. The following are all fine and distinct:

Double White. Beautiful double white. 30 cents each.

Cream White. Creamy white, fine. 50 cents each.

Sulphur Yellow. 50 cents each.

Lilac. Lilac, fine. 40 cents each.

Purple. Crimson purple. 60 cents each.

With several other colors. 50 to 75 cents each.

Polyanthus. Many beautiful varieties. 25 to 50 cents each.

Hose-in-Hose. Very pretty semi-double flowers, several colors. 50 cents each.

***PRIMULA AURICULÆFLORA.**

This is one of the finest additions of spring flowers ever sent out, and will eventually become extensively grown, for its habit of growth is in every way like the ordinary yellow, producing abundance of flowers of a beautiful dark maroon crimson, with a distinct greenish yellow eye. \$1 each.

GESNERIAS.

These are all bulbous-rooted plants which bloom magnificently during the winter months.

Exoniensis. A magnificent winter flowering plant; the color of the flower is an intense orange scarlet, the leaf is of a dark velvety texture, studded with minute red hairs like plush. Nothing can be more brilliant than the mass of bloom. 75 cents each.

Refulgens. Another superb winter flowering plant; color of flower between vermilion and amaranth, a charming plant, producing magnificent flowers. 75 cents each.

Splendidissima. Color crimson, with yellow tube, spotted, very beautiful, velvet-like foliage, very fine. 50 cents each.

Jasminiflora. A tall growing species, flowers of the purest white, freely produced, beautiful. 50 cents each.

Topeinatis Carolinæ. A very pretty plant, allied to Gesneria. 50 cents each.

EUCODONIA.

The sections of Eucodonia and Nægelia are typed in habit by the well known *Gesneria zebrina*, in its exceedingly picturesquely tinted leaves, the flowers being produced on large terminal cone-shaped racemes in drooping funnel-shaped flower-tubes of rich violet and bright rose, with pretty dotted centres.

Nægelioides. Flowers in large spikes, color violet, changing to velvety crimson, orifice of the centre of the throat bright yellow, spotted with crimson. 50 cents each.

Diamantina. Very fine foliage, short peduncles terminated by large flowers of purplish violet, very striking. 50 cents each.

TYDÆA—A Section of Achimenes.

The group of Tydæa includes the late autumn and winter flowering varieties, producing a long and brilliant succession of bloom, the blossoms varying from small funnel-shaped tubes to large salver-shaped circular lobes, from one to two

inches in width, and include the most florid colors found in the other sections, of pure rose, amaranth, rosy crimson, scarlet cerise, rose, orange-tinted scarlet, and white shaded with rose, elegantly spotted or barred in nearly the whole section.

Alba Kermesina. White ground, shaded with bright rose and beautifully marked with crimson. 50 cents each.

***Display.** A splendid variety for winter blooming, freely producing large, beautiful, well formed flowers; the tube is a bright carmine color, the lobes are pink, beautifully reticulated with rich crimson; the mouth is a rich violet carmine color, and the throat white, blotched with deep orange. 75 cents each.

Insignis. A bright carmine, finely spotted. 50 cents each.

Lady Digby. Brilliant crimson, beautifully spotted. 50 cents each.

Robert le-Diable. The largest flower of the genus; ground color dark vermilion, covered with large jets, black fantastic figures of the most astonishing features. 60 cents each.

***Wonder.** One of the most magnificent varieties ever sent out; the flowers, which are of a dazzling bright orange vermilion, veined with black, are produced in majestic spikes. 60 cents each.

NÆGELIA.

Dauw. Magnificent thyrses formed of innumerable rows of flowers, white, sprinkled with rose, throat golden yellow, dotted with vermilion. 50 cents each.

NEW FRENCH GLOXINIAS.

The varieties of this genus are all very handsome, producing abundance of magnificent flowers of the most beautiful description. The tubers should be potted in February or March. Place in a little heat to start them into growth; water sparingly till the plants are well established. When in bloom bring them into the conservatory or drawing-room. After the plants have done blooming, dry gradually off, by withholding water from their roots; afterwards remove them to a warm, dry place.

The following are superlatively beautiful.

Those marked thus * have erect flowers.

***Cinderella.** Pure white, with pink band, most beautiful.

***Brilliant, (New.)** Bright crimson, the lobes margined with rose, rich violet throat. 75 cents each.

Ernst Banary. Color dark lavender mottled with white, an exceedingly beautiful flower.

Don Louis de Portugal. Tube white, the throat rayed and spotted with carmine lilac, with a zone of the same color, a second zone of violet blue.

Fleur de Flandre. Throat creamy white, festooned with clear purple, the smooth divisions deep blue, marbled with indigo and edged with white.

***Flag of Truce.** Pure white, large and fine.

***Georgina.** Fine lilac, covered with magnificent creamy white palmettes; fine form, first-class.

Henry Husson. Color white, with a lavender lip, a large showy flower, beautiful.

Leon Vanderwee. Flowers having six divisions, each covered with dark, almost black spots, edges white, very rich.

***Madame de Smet.** White, with violet lobes, a beautiful marked variety.

Madame Van Houtte. White, with crimson blotch, very lovely. 75 cents.

***Most Beautiful.** Tube sulphur, densely spotted with red, richly margined with purple.

Mogul. Tube dotted with red, purple crimson limb, very clear at the border.

Nero. Dark purple, white throat, a very beautiful flower.

***Princess Royal.** Tube and edges white, throat mottled with dark blue, fine.

***Rose et Hermine.** Pure white throat and mouth, lobes bright rose spotted with white. 75 cents each.

Rev'd H. Dombrain. Lovely variety, (new.) 75 cents each.

Rose d'Amour. Bright rose carmine, cream-colored throat, well defined zones of cerise, a splendid variety.

*Rachel. White tube, lightly spotted, violet lilac limb, with a white zone in the centre, the lobe also bordered with pure white.

*Virginalis. Tube and throat white, broad margin of carmine.

*Vallerandi. Tube white, throat white, with lilac spots and stripes, the limb white, with large deep purple spots.

Price 50 cents each, (save where priced.) \$5 per dozen.

CALADIUMS.

Argyrites. A small plant, leaves bright green, spotted and blotched with white, a gem. 30 cents each.

Alphonse Karr. Leaf green, with crimson centre and brighter veins diverging to the margins, and crimson blotches. 50 cents each.

Auguste Reviere, (new.) Green ground, white centre, and rays with crimson spots; beautiful. 50 cents each.

*Baron de Rothschild, (new.) Rich blood red centre, and spots on mottled green leaf ground. 50 cents each.

Dr. Lindley, (new.) Green ground, crimson centre, marked with rose blotches, extra fine. 50 cents each.

*Duc de Nassau. Brilliant red centre and ribs, white scattered spots on emerald green leaf borders. 50 cents each.

E. G. Henderson, (new.) Green leaves, finely marked with transparent rose spots, and brilliantly mottled crimson rays and centre. 50 cents each.

*Golden Queen, (new.) Leaves large, pale green or yellow, uniform in color; very handsome, and of a remarkably chaste appearance. \$1.50 each.

Houletii. Green ground suffused with white, pretty. 25 cents each.

Halevy. White mid-ribs, and marked with crimson blotches on a green ground. 50 cents each.

Ketelere. Elegantly spotted with white upon emerald green, large crimson centre, fine. 50 cents each.

*Lamertine, (new.) Large leaf, with deep crimson centre and dense white and red spots. 50 cents each.

*Louis Poirier. Crimson leaf ground, with green margin and white spots, a finely marked variety. 50 cents each.

*Lucy, (new.) Crimson centre, with red spots, very showy. 50 cents each.

Napoleon III, (new.) Brilliant flamed crimson centre, with forked rays and carmine red spots on a rich green ground, beautiful. 75 cents each.

Newmanii. Green ground, spotted with red and white, very pretty. 25 cents each.

*Princess Royal. Leaves large, of a pale green or yellow, with a crimson centre, in the style of *G. Brogniartii*, very handsome. \$1.50 each.

*Princess Alexandra, (new.) The leaf color is a pure rosy salmon, through the centre of which a conspicuous green rib passes longitudinally, richly bordered with magenta crimson. The leaf margin is bounded throughout by a green belt. \$1.50 each.

*Princess of Wales. Leaves large, pale green or yellow, with bright crimson spots, beautiful. \$1.50 each.

*Prince Albert Edward, (new.) The broad leaf-blades of a green ground, with rich crimson mid-rib, radiating from the centre towards the margin, the intervening leaf-spaces being densely spotted with ivory-white. \$1 each.

*Princess of Teck, (new.) A fine golden-leaved Caladium, a robust and free grower, attaining a much larger size than any other yellow leaf variety. The ground color of the leaf is a bright orange yellow, which towards the veins is suffused with a rich deep red. \$1.50 each.

*Raulinii. Rich red centre and veins, fine spotted with white. 50 cents each.

*Reine Victoria. Elegant green veins and margins, spotted or marbled between with white and scattered rich crimson. 50 cents each.

Verschaffeltii. Green ground, with crimson centre. 25 cents each.

Wightii. Green ground, spotted red and white, beautiful. 25 cents each.

Alba Violaacea. Large green leaf, in the style of *Esculentum*, edged with white, fine for bedding out. 30 cents each.

COLEUS.

These very beautiful foliage plants are very desirable for bedding out from their rich and varied colors, which contrast admirably with other plants. They are likewise beautiful for pot culture.

The golden varieties are marked (g.)

Price 20 cents each. \$1.50 per dozen.

- Albert Victor, (g.) Centre red, shaded with red lines and golden margin.
 Baroness Rothschild, (g.) Bright bronzy crimson, margin bright gold.
 Beauty of St. John's Wood. Color rich crimson, margined with golden yellow.
 Duke of Edinburgh, (g.) Glowing red, margined with bright golden yellow.
 Her Majesty, (g.) Deep bronzy red, golden tinted margin, extra fine.
 Prince Arthur, (g.) Yellowish ground color, marked with purplish red.
 Princess Royal, (g.) A rich bronzy crimson, with a narrow bright yellow margin.
 Princess of Wales, (g.) Rich bronzy crimson, with golden margin.
 Queen Victoria, (g.) Rich bronzy crimson, with bright yellow edge.
 Candollei. Metallic, tinted chocolate crimson, margin bright green.
 Setting Sun, (g.) Rich bronze crimson centre, yellow edge.
 Aurea Marginata. Margined with deep yellow, sprinkled with purple.
 Surprise. Leaves a deep crimson purple, light green margin.
 Verschaffeltii. Leaves a rich dark crimson, a very effective plant.
 Emperor Napoleon. Leaves rich chocolate crimson.
 Beauty of Widmore. Leaves green, white margin, nerves crimson.
 Ambassador. Bronzy crimson, margined yellow, fringed.
 Chameleon. Carmine pink, with dark maroon and edged with yellow.

 Merrimac. Ground color lemon, leaf disc bronze, with crimson bars and spots.
 Verschaffeltii Major. Red claret ground, green half leaf.
 Verschaffeltii Splendens. Ground color, a pure self-flamed crimson.
 Zanzibar. Ground color canary yellow, dark crimson blotch.
 Nellie Grant, (new.) Centre green, margined with golden yellow.
 The Shah. Leaves rich cinnamon and golden yellow, very distinct.
 Golden Gem. Leaves crimson, margined yellow.

IREFINE (or Achyranthus.)

These are all very beautiful leaf-plants, more hardy than Coleus, succeeding admirably bedded out during summer.

Price 20 cents each. \$1.50 per dozen.

- Lindenii. Leaves of a blood-red color, habit dwarf and compactly branched.
 Lindenii Area Reticulata. Leaves green, netted with yellow carmine mid-rib.
 Acuminata. Rich crimson stems, dark red leaves, marked with a flame, red bar.
 Aurea Reticulata. Veins of the leaves reticulated with bright gold.
 Verschaffeltii. Rich dark crimson stems and leaves.

ALTERNANTHERAS.

- Alternanthera Tricolor. Vivid rose color, traversed with purple veins, and contrasted by the addition of orange, yellow band intervening.
 Alternanthera Magnifica. Being larger and stronger in its growth than the others, the colors brighter than in any other variety.
 Amabilis. A pretty variety in the way of *A. Amœna*, but twice as large.
 Alternanthera Amœna. Leaves magenta colored, very dwarf plant.
 " Paronychiodes. Brown bronze tipped with bright red.
 " Spathulata. Leaves bright crimson and green.
 Teilanthera Versicolor. Foliage is beautifully tipped with bright magenta.

Grandis, (new.) Stronger habit and more effective, bronze, richly tipped with magenta. 75 cents each.

These are foliage plants, very desirable for bedding out, they are of low compact growth, well adapted for front lines or marginal circles in bedding groups.

Price 15 cents each, (save where priced,) \$1.50 per dozen.

ZONALE and NOSEGAY GERANIUMS.

Class 1.

GENERAL COLLECTION.

For bedding out during the summer, there is no class of plants used so extensively at the present day in Europe, as this. In this country it succeeds to perfection, flowering profusely during the heat and drought of summer, when Verbena and such like plants suffer or are burned up. They are equally beautiful and valuable in the plant house during winter.

Price 20 cents each, (save where priced,) \$2 per dozen—purchaser's selection. \$1.50 per dozen; \$10 per 100, our selection.

Alexander Stewart. Bright scarlet, the very finest shape, free bloomer, one of the best.

Adonis. Soft tinted carmine scarlet, white eye, fine form.

Attraction or General Grant. Bright scarlet, immense truss.

Avocat Gambetta. Very deep rich scarlet, large truss, fine large pip.

Agnes Saul. A very delicate shade of salmon. As a pot plant we have found it more beautiful than any of its shade which we have grown.

Blanche of Castile. Pure white, good truss, compact habit.

Bicolor. Flowers white, with a deep salmon rose centre, distinct, fine.

Belinda. Carmine centre, with snow white belt, distinct and good.

Belisiare. Fine large truss, a bright orange scarlet, free bloomer.

Boadicea. Flowers light purple, with orange blotch on upper petals.

Beauty of Waltham. Rich crimson scarlet, large truss, extra.

Bertha Foache. White truss, large and fine.

Beauty of Edmonton. Deep rosy vermillion, immense truss, compact habit.

Boule de Nieve. A new white flower, large truss, fine pip, color very pure.

Chieftian. Bright orange scarlet, very large truss, fine habit.

Crusader. Flowers crimson scarlet, with white eye, large and smooth.

Crystal Palace Gem. Brilliant cerese or cherry red, very large trusses.

Clio. Fine shaped bloom and a splendid color, extensively suffused with purple, nice white eye.

Concord. Rosy cerese, shaded with scarlet, and immense truss.

Cora. A splendid nosegay, with immense truss, good habit, fine bedding.

Creed's Seedling. A most abundant bloomer; color bright scarlet.

Caracticus. Dark rosy scarlet, beautiful shade of color, large.

Climax. Bright rosy salmon, shaded and suffused vermillion, clear white eye.

Compte Paoli Taverna. Trusses large, flowers salmon orange, each petal blotched with white.

Charles Dickens. Color very bright cerese, flushed with purple; one of the most beautiful new shades of color.

Chevalier de Valdome. Color plum, shaded with crimson, large truss.

Cynosure. Color pearly white, with a very bright vermillion centre.

Charlie Casbon. One of the finest bedding bright scarlet nosegays. A most abundant bloomer, fine trusses.

Coleshill. This is the finest of all the bright Zonale Geraniums ever brought out; color a beautiful scarlet, truss monstrous.

Claudius. Lively cerise, edges of petals shaded with scarlet, the flower of extraordinary size.

Demosthenes. Scarlet suffused with purple, most attractive.

Depute Arnaud. Fine large, well formed flower and truss.

Dr. M'Donnell. Flowers large, perfectly circular, rich crimson red, shaded with vermillion.

Dr. Muret. Very large trusses of orange flowers given in the greatest profusion.

Dr. Lindley. Deep scarlet, fine form, fine large truss, good habit.

Duchess of Sutherland. Rosy purple, very free bloomer, with trusses of great size.

Dr. Le Grand. Scarlet crimson Nosegay, very large truss, free bloomer.

Delicate. A beautiful variety, well formed flowers, large truss.

Duke of Edinburgh. Deep salmon scarlet, with darker eye, large truss.

Darius. Flowers rosy purple, good shape, good truss, of dwarf close habit.

David Garrick. Has immense trusses of intense deep crimson flowers.

De Lesseps. Rich bright deep scarlet, large truss, profuse bloomer.

Enchantress. Flowers soft purplish crimson, with distinct scarlet eye.

Emile Vaucher. Pure white, compact habit, fine.

Eclat. Flowers a rich magenta, suffused with purple of extra large size, and fine form.

Estandard des Nosegays. Immense trusses of dark crimson flowers.

Emilie Lemoine. Trusses immense, color a deep blood red and crimson.

Empress of India. Crimson shaded leaf zone, flower truss large, bloom rosy carmine scarlet.

Fearnaught. Orange scarlet, with very attractive white eye.

Forget-Me-Not. This is a very attractive variety; fine scarlet color, and an abundant bloomer.

Gloire de Corbeny. Golden salmon, margined with white, large truss.

Glow. Brilliant scarlet flowers, large trusses, well formed and circular.

Glorious. Rosy crimson color, well formed flower with immense truss.

G. Gieschke. Rosy purple, large truss, free bloomer, good habit.

Hibberd's Orange Nosegay. The color is vivid tone of scarlet orange.

Hon. G. Hardy. Vivid orange scarlet, with a fine glowing shade of color.

Hector. Immense truss of large flowers, of the richest scarlet.

Haidee. Magenta, shaded with blue; a most pleasing variety of this novel color.

Jean Sisley. The form and substance of this variety is equal to the new well-known *G. Lord Derby*, but the color is the richest possible shade of deep scarlet.

John Thorpe. Immense trusses of globular flowers, deep rose.

Jacob Makoy. Vivid salmon, white centre, good truss and habit, distinct.

King of Whites. Pure white free bloomer, nice compact habit.

Le Grand. Brilliant crimson scarlet, immense trusses.

Lustre. Bright scarlet, fine shape, large truss, compact habit.

Lord Byron. Vivid vermilion scarlet, the petals broader than any of its class.

Lizzie. Salmon flowers, suffused with orange in the centre, dashed with violet at the tips.

Louis Veuillot. Distinct dark blood color, it is one of the best, large.

Lord Derby. Intense scarlet of a very bright shade, large and fine form.

L'Incomparable. A clear salmon ground color, streaked or flamed with white, a very pretty striped flower.

Madame Martha Vincent. Flowers pure white, large trusses, compact.

Mademoiselle Merie Mezard. Pure white, fine form, a pure white flower.

Maid of Kent. Color magenta, or pure lake rose or pink, large trusses.

Madame Day. Orange, white centre, large trusses, free bloomer.

Mrs. Turtle. A fine cerise scarlet, small white eye, large truss and free bloomer.

Moor of Venice. Pure crimson color, carried in immense trusses.

Miss Gertrude. Large, good truss, pale salmon flesh with white margin.

Mrs. Spencer. Color delicate flesh, shading to pale carmine, large smooth.

Mr. Forest. Another fine new flower, color crimson purple.

Mons. Bouchy. Purplish red with fiery orange tint, broad petals.

Magnum Bonum. Flowers yellowish salmon, good shape and truss, very large.

Mima Hahn. Color white, shading off towards the margin rose, wax-like, good truss, well-formed flowers, neat habit, beautiful.

Mad. E. G. Henderson. Salmon orange, marked with white.

Mr. Hugh Low. Vermilion salmon mixed with pure orange, veined with purple.

- Omega. Color intense scarlet; this is one of the finest bedding Geraniums.
 Pride of Osberton. Color brilliant scarlet, large truss.
 Proserpine. The darkest scarlet ever offered, fine truss and good habit.
 Phoenix. Bright scarlet, fine color and truss, extra.
 Prince Leichenstein. Deep scarlet, large truss and fine habit.
 Princess of Wales. Salmon, edged with white.
 Purity Eckford. White, with a pink eye, good truss, free bloomer.
 Pioneer. Very bright scarlet salmon, the best shape and brightest colored bloom in this class, very free.
 President Barberot. Bright salmon, good truss and pip.
 Phœbe. Orange cerise flowers, dwarf compact habit.
 Renown. Light orange scarlet color, good habit, and one of the best.
 Reine d'Italie. Large flowers, pale salmon flesh, with white margin.
 Rosy Circle. Centre of flower white, with a circle of bright salmon, margined with white.
 Rival. Bright scarlet, fine shape, large truss.
 Richard Headley. Bright scarlet, fine shape, immense truss.
 Robert K. Bowley, (Nosegay.) A splendid truss of brilliant crimson flowers.
 Robin Hood. Light purple, very distinct color, good truss and pip.
 Snowball. Pure white, compact habit, extra.
 Sambico. Bright scarlet, large flower and truss, good compact.
 Shades of Evening. Rosy purple, large pips and truss, fine compact habit, splendid bedder.
 Sambo. A blood colored scarlet, good size truss.
 Stanstead Rival. Bright, crimson, with large truss of smooth, well-shaped flowers.
 Soliel. Orange scarlet, one of the largest and most beautiful.
 Thomas Moore. Flowers of a lovely soft scarlet color, with small white eye.
 Titan. This is the largest round flower; color salmon orange scarlet.
 Virgo Maria. Pure white, good truss, vigorous grower, an excellent white.
 Violacea Coccinea. Rich violet tinted scarlet, fine truss, profuse bloom.
 Vulcain. A fine nosegay, very deep crimson, a splendid bedder.
 Vesuvius. Intense fiery scarlet, large truss and pip, a magnificent bedder.
 White Princess. This has large fine formed flowers, pure white, large truss, free bloomer.
 Warrior. Large trusses of intense scarlet bloom, a luxuriant growth and free bloomer, the very finest bedding scarlet.
 White Tom Thumb. Pure white dwarf, compact habit.
 White Perfection. Pure white, free bloomer, compact habit.
 William Underwood. Brilliant scarlet, in the style of "*Lord Derby*."

ZONALE AND NOSEGAY GERANIUMS.

Class 2.

GENERAL COLLECTION.

We have collected into this class such varieties as we find to succeed best under glass.

Price 25 cents each; \$2.50 per doz., (save where priced.)

- Advancer. This is a very nice medium growing variety. It is a self-colored flower, very effective, producing a quantity of small trusses, color bright pink. 40 cents each.
 Amy Hogg. Bright purplish rose, immense truss. 30 cents each.
 Blue Bell. Color bluish lilac, fine truss, abundant bloomer.
 Beauty of Lee, (Hybrid N.) A vigorous grower, producing very large trusses, color an intense bright scarlet pink.
 Beaute de Suresne. Bright rose, centre white, flowers and truss very large, fine.
 Bella Rosa. Light pink, with white marking on upper petals. 30 cents each.
 Christine Nosegay. Bright rosy pink, dwarf, compact habit, greatly surpasses *Christine*, *Helene Lindsey*, &c. 30 cents each.

- Crimson Nosegay.** Color intensely brilliant, deep crimson, habit free and compact, with remarkably close, half globular flower trusses, superb. 30 cents each.
- Countess of Rosslyn.** A fine delicate blush pink with immense trusses; neat compact habit, first class variety, the best of its color. 30 cents each.
- Cherry Lips.** Trusses very large, distinct color, bright cherry, very free flowering.
- Crimson Banner.** Rich magenta crimson, produced in very large trusses.
- Claude Lorraine.** This is much higher than *Dr. Hogg*; may be considered the first real purple *Geranium*.
- Dr. Hogg.** Flowers a purplish rose, the colors very beautiful, truss good and abundant, a distinct and beautiful sort.
- Duchesse d'Aumale.** Pink, but of a very distinct shade, large truss, free bloomer.
- Fairy Ring.** Perfectly white, with a bright pink ring round the lower part of the petals, and a white eye.
- Fausta.** Bright rose color, higher than any out, beautiful.
- Feast of Roses.** A neat dwarf Nosegay, with dark leafage and an abundance of compact trusses, flowers of an intense deep rosy pink.
- Hydrangea.** A deep rose lilac, a great improvement on "*Beauty de Suresne*," having much larger trusses and a deeper color. 30 cents each.
- Kate Nicholson.** Color fine rose, in the way of *Maid of Kent*, carries a much larger truss; it is the largest truss ever sent out in this class. 50 cts. each.
- King of Pinks.** Neat compact habit, with a dark, almost black brown zone.
- King of the Roses.** In substance and shape it is quite equal to *Lord Derby*—fine large trusses, its color a rosy scarlet or a scarlet suffused with magenta purple.
- Lucius.** Bright rose, very large truss.
- Lilac Banner.** A dwarf, neat, free growing Nosegay, with fine bold lilac flowers, produced in great profusion.
- Little Pinkie.** Salmon pink color, fine close dwarf habit, most profuse bloomer.
- Magenta Christine.** Color deep rich lake rose, dwarf, compact habit, free flowering, rich petal tint.
- Maid of Kent.** Color magenta; or pure lake rose or pink, large trusses.
- Mrs. Wm. Paul.** Delicate rosy pink, beautiful shape, fine large truss.
- Madame Mezard.** This is one of the most distinct varieties, a beautiful violet color, free bloomer, with a good sized truss and good habit. 30 cts. each.
- Miss Gladstone.** Pure white ground with pink centre, most profuse bloomer.
- Mrs. Quilter.** A fine distinct variety, of a very pleasing pink color, with white eye, good trusser and habit. 40 cents each.
- Miss Rose Peach.** See **NOVELTIES**.
- Mrs. Keeler.** See **Class 4**.
- Maria.** See **Class 4**.
- Marginata.** This is just in the style and color of *Madame Werle*, with each petal and flower distinctly lined or edge round with pink, on a pearly white ground. 20 cents each.
- Maiden's Blush.** White, slightly tinged with pink, by far the best shaped bloom in this class.
- Mad'lle E. de la Chapelle.** A fine rich pink, large trusses, flowers profusely, a distinct and pleasing color. 30 cents each.
- Mons. E. Buenzod.** This has immense trusses, much larger than is usual in this section; color a light delicate rose.
- Mad. Jules Adelbert.** Trusses large, flowers delicate rose, fine form, very free bloomer.
- Peach Blossom.** This has a fine color, delicate peach, fine shaded bloom.
- Pink Stella.** Rosy pink, exceedingly beautiful, counterpart to *Crimson Stella*.
- Pink Globe.** Rosy pink, very fine truss, free habit and distinct.
- Queen of Roses.** Fine bright rose, good truss, profuse bloomer.
- Queen of Harvest.** Style of *Christine* Nosegay, with broader lower petals, habit dwarf and compact, flower trusses very large and effective, bright.
- Rose d'Amour.** Bright rose, large truss, good form and habit.
- Seraph.** Rosy pink, neat compact, finely zoned, neat pot plant.
- Surpasse Beauty de Suresne.** A variety having enormous trusses of bright pink flowers.

The Marchioness. See *Class 3*.

The Duchess. See *NOVELTIES*.

Village Maid. Flowers bright deep pink, clear white blotch on upper petal.

NEWER ZONALE and NOSEGAY GERANIUMS.

Class 3.

The varieties in this class are all recent importations, and comprise the very finest of their classes, sent out by the best growers of England and the continent.

Price 30 cents each; \$3 per dozen.

- Arlequin. Bright salmon flower, average size and good substance, beautifully and distinctly striped with white; nice truss, and fine dark-zoned foliage.
- Albert Memorial. Color intense bright scarlet in the way of *Jean Sisley*, with immense trusses, growth vigorous and robust, a beautiful variety.
- Crimson King. Dark crimson, shaded with violet; extra large truss, dwarf compact habit, a most profuse bloomer, new color.
- Commander-in-Chief. Color brilliant scarlet, immense truss, and large pip, growth exceedingly vigorous, and profuse bloomer.
- Craven Fox. Rosy scarlet, pip large and beautifully formed, fine truss. This variety will be found an acquisition.
- Diana. Flowers deep rich velvety crimson, of good form and substance, trusses fair size and freely produced; resembles in color *Louis Veuillot*.
- George Peabody. A very brilliant deep scarlet; flowers of fine form and substance, produced in large trusses.
- Great Eastern. The finest scarlet bedding variety ever sent out. The trusses are enormous, and the individual flowers of immense size.
- Harrold. Upper petals rose, shaded with violet, under petals rose, margined with vermilion, good grower and bedder.
- Iago. Flowers bright orange scarlet, large and well formed, producing a bold, conspicuous truss.
- Ianthé. Flowers purple crimson, the purple predominating in the lower petals; flowers of large size, good shape and substance, very beautiful.
- Lady C. Kennedy. An intense bright scarlet in the way of *Jean Sisley*, but very superior, one of the finest scarlet.
- Mr. Gladstone. Color rich scarlet, shaded with purple, the edges of petals shaded with carmine; the pips very large, of good substance.
- Marginata. This is a most distinct variety; each petal and flower distinctly lined or edge round with pink, on white ground.
- Marathan. Deep purple, color quite novel and very beautiful, trusses large, compact and freely produced.
- Monica. Flowers white, with salmon centre, of good shape and large size.
- Mrs. Edward Ottewell. This is a most beautiful cerise orange scarlet, with a conspicuous white eye, possessing an immense truss.
- Mercy Grogan. Color glowing scarlet, carries larger trusses, fully five inches over, the finest Zonale truss of bloom perhaps ever seen.
- Orbiculata. Intense fiery scarlet, large truss and pip, very finest one of the best dwarf bedders yet sent out.
- Purity, (*Bull.*) The purest white Geranium in cultivation, good habit. This plant when well known will be extensively grown, very extra.
- Pioneer. Color violet purple tint, combined with rich magenta rose, dwarf compact habit, profuse bloomer.
- Peabody. This is the best and brightest purple scarlet in the *Madame Mezard* class yet sent out, and cannot fail to give the greatest satisfaction.
- Princess of Wales. This produces the finest trusses of any Hybrid Nosegay; its monstrous trusses strike every one with surprise; color bright orange.
- Sir C. Napier. It is almost precisely the same Geranium as *Lord Derby*, with a decided improvement in every way; some of its blooms are really most splendid in shape.
- Striata Formosa. Bright salmon flower, average size and good substance, beautifully and distinctly striped with white.

- Sylph. Bright orange scarlet, fine truss and pip, good habit, profuse bloomer, distinct and fine.
- Souvenir d'Etinnie. This is the prettiest little pure pearly white Zonal, not a shade of any color in the flower, the purest white, a lovely plant.
- Theodore Roempler. Orange carmine, rayed with white, and blotched with salmon, an exceedingly attractive and beautiful variety.
- The Marchioness. Color blue lilac or rosy blue, new in color, most pleasing color, distinct and indispensable for every collection.
- Velocipede. Brilliant scarlet, intense color, dwarf compact habit, and excellent shape, invaluable for winter flowering, an excellent variety.
- Wellington. Dark maroon-crimson, velvety and exceedingly rich, broad and finely formed petals, trusses of immense size.

NEW ZONALE and NOSEGAY GERANIUMS.

Class 4.

This class comprises the latest Novelties, mostly importations of 1874 and 1875, those, with the new varieties placed under "New and Rare Plants," comprises not only the newest flowers, but the finest ever offered.

Price 50 cents each. \$5 per dozen, (save where priced.)

- Belle Courtraisienne. Habit of plant very dwarf, free bloomer, producing trusses as large as an Hydrangea; colors white, lilac and clear rose, shaded.
- Circulator. A lovely rose, scarlet color; immense truss, and perfectly distinct from any of the above, splendid shape pips and trusses, very free, and of the best habit.
- Cremorne. Large scarlet flowers, 2½ inches across; finest scarlet ever raised, very large truss, profuse bloomer and good habit.
- Edith George. Very fine deep pink, white blotch in upper petals; good flower and immense trusses; the best in the large nosegay section, and a fine improvement on *Pink May Queen*. 75 cents each.
- Glitter. Very dark dazzling crimson, of the most glowing description; good grower, we have nothing to equal it, and is one of the most conspicuous in any house.
- King of the Forest. A much improved variety of the *Sambo* section, with larger and better shaped flowers of a dark crimson scarlet, excellent in form and substance.
- Maia. This variety gives us a splendid new shade of purple pink, the purple tint having really a most striking and distinct appearance, with broad petals, and a flower nearly equal to the Zonals, gives us a grand lift towards obtaining a bright purple and a blue bedder. 75 cents each.
- Master Harry. Deep scarlet, similar in color to *Jean Sisley*, but bloom and pips larger, fine white eye; very free, and truss very large; one of the best habits of all Zonals.
- Magnifica. Color salmon scarlet, tinted carmine, distinct white eye; the immense trusses of this magnificent variety are carried on firm footstalks well above the foliage.
- Marquis De Nadaillac. Compact vigorous habit, immense trusses, deep brilliant crimson, profuse bloomer, magnificent bedding variety.
- Mrs. Keeler. This is a great improvement on *Mrs. W. Paul*, of a more pleasing soft rosy pink color, the shape of bloom is superior in every way, and quite equal in shape and substance, producing splendid large round heads.
- Overall. Flower of purplish magenta color, fine shape and good substance, very distinct; trusses large and full, produced abundantly.
- Purple Prince. One of the most beautiful colored Geraniums yet seen; color bright dark magenta, with a deep purple shade, fine flower and large trusses.
- Richard Dean. A beautiful dwarf variety for pot culture, compact in growth, bright orange scarlet, with brilliant white eye.

LILLIPUTIAN ZONALE GERANIUMS.

This is a new and interesting form of the zonal section. The growth is very distinct from the ordinary kinds, being proportionately vigorous, whilst the leaves are small, and the flowers equal in size to the zonal varieties of large growth. The properties of a vigorous and compact dwarf growth, combined with small foliage and blooms equal in size to the large growing class, will be a sufficient recommendation.

Price 20 cents each, (save where priced.) The set of 9 for \$1.50.

Christabel. Bright rose, good form, pretty.

Cupid. Light copper rose, white centre.

Little Dorrit. Salmon rose, white eyes.

Little Harry. Scarlet, light centre, good truss.

Little Dear. Delicate rose, with white spots.

Little Gem. Brilliant vermilion, white centre.

Little Golden Christine. Leaves yellow, flowers scarlet, very pretty. 30 cents.

Tom Tit. Dazzling scarlet, white eye.

Payne's Perpetual. Miniature, yet dense growth, with its innumerable small trusses, bright scarlet flowers, render it very distinct; it has also the valuable quality of being a first-class winter blooming plant. 30 cents each.

DOUBLE FLOWERED GERANIUMS.**GENERAL COLLECTION.**

This class of double-flowered Geraniums form an interesting and valuable addition, not only from their novelty, but their great value for bedding out. We have found them during the past hot dry summer ('74) very superior to the single flowers, throwing up their immense heads of gorgeous flowers, which are of long duration, like all double flowers. We feel great pleasure and confidence in offering the following:

For new varieties, see under head of "New and Rare Plants."

Price 25 cents each, (save where priced) \$2 per dozen.

Andrew Henderson. The truss is of extraordinary size, forming a sub-globular outline, each containing from 60 to 80 blossoms.

Beaute Poitevine. Very fine large truss, large, very double, color a dazzling orange vermilion.

Boucharlet Aîné. This superb variety throws its enormous trusses well above the foliage, color a bright cherry red.

Crown Prince. The flowers which are large, full and of good form, are of a deep rose carmine color.

Delight. Truss large, individual flowers large and double, color bright rose, very floriferous.

François Arles Defour. Habit vigorous and compact, trusses immense, very double, color deep crimson; a most distinct and fine variety.

Gloire de Nancy. An exceedingly beautiful variety, having immense trusses of very double scarlet flowers.

Glory of Paris. Color rich crimson; truss large, compact, individual flowers large and double, very fine compact habit.

Goliath. Color glowing scarlet, trusses well above foliage. From its luxuriant habit and grand trusses it is most effective.

Jeanne de St. Maur. Dazzling dark scarlet, fine large flowers, largest bloom of this color.

King of the Doubles. The largest and best shaped pip of all the doubles; color is a beautiful bright cerise, and very free.

Louis Von Houtte. Trusses very large, pips large, full, and well formed, bright scarlet.

La Vesuve. A superb variety, color a glowing scarlet, individual flowers large and very double.

- Marie Weinrich. Magnificent truss, flowers large and double, color crimson scarlet, compact, fine habit.
- Madame Bondet. Flowers of good size, very full and perfect in form, petals broad, of a beautiful deep scarlet.
- Mad. Debray. Color bright scarlet, flowers very large, an inch in diameter, very double, enormous blossoms.
- Mad. Hock. Color very brilliant dark rose, flowers very large and double, trusses large finely formed and produced profusely.
- Mad'lle Louise Delesalle. Flowers very double, of a fine clear rose, the umbels throw themselves well above the foliage.
- Marie Lemoine. Similar to *Madame Lemoine*, but of a more chaste pink, and of the same desirable dwarf habit as *Wilhelm Pfitzer*.
- M. Froebel. Trusses enormous, color fiery red, tinted with carmine.
- Madame Boulanger. Truss enormous, flowers large and double, color red, tinted rose, fine habit.
- Mary Elizabeth. This distinct variety is of compact habit, large truss, and delicate rose colored blossoms.
- Merveille de Lorraine. Color deep rose, large truss, individual flowers large and double.
- Memnon. Trusses large and full, rosette-like flowers, of a bright and attractive rosy scarlet color.
- Madame Lemoine. The color is a beautiful rose of the most pleasing shade, it is a free bloomer.
- Nimrod. An intense scarlet, having very large globular trusses of perfectly shaped double flowers.
- Madame Boutard. Habit dwarf and compact, very handsome trusses, good pip, a profuse bloomer, color a superb bright rose.
- Madame Chas. Martine. Trusses spherical, very large flowers of model shape, tender china rose color, shaded with salmon tints.
- Madame Durand. Color orange scarlet, large fine pips, distinct and striking, free bloomer, excellent bedder, very fine.
- Madame Raconsnot. Large truss, color a brilliant scarlet, free bloomer, compact habit, good bedder, very distinct, beautiful.
- Mr. Gladstone. Trusses immense, color bright rosy crimson, medium habit, a distinct and fine flower.
- Pink Perfection. Flowers deep bright pink, the deepest of all this shade of color; the petals are large and smooth, and regularly set, so as to form a perfectly double flower. 40 cents each.
- Princess Teck. Color fine, deep rich scarlet, large, open, well formed truss, the individual flowers being proportionately large and regularly expanded.
- Rose Queen. A clear deep rose, trusses very large and globular.
- Roseum Plenum. Fine large truss; color a bright rose, neat compact habit.
- Ruhm Von Russelsheim. Fine large truss of crimson flowers, thrown well above the foliage, very double.
- Surpasse Glory de Nancy. Bright rose carmine, of very fine form, and perfectly double.
- Terra Promise. Large truss, pips large and well formed; color a poppy red, very fine and distinct.
- Triomphe. This is very full and double, of a brilliant scarlet color.
- Triomphe de Lorraine. Very double flowers, and of the finest cherry carmine.
- Victor Lemoine. Trusses about eight inches in diameter, with flowers of very large size, well formed and very full; color finest scarlet.
- Victoire de Lyon. Immense trusses, double flowers of a purple tinted crimson color, a profuse bloomer, fine and distinct.
- Wilhelmine Von Verna. Extremely large flower trusses of a brilliant red. A very profuse bloomer. This is a grand novelty. The habit is compact.
- Wilhelm Pfitzer. Dwarf, free blooming, very double, perfect shape and dazzling orange scarlet color.
- Emulation. Very brilliant orange scarlet, truss good, free bloomer.

GOLDEN SELF AND BRONZED ZONED GERANIUMS.

This section is robust and vigorous in growth as the plain leaved varieties. Having beautiful broad leaves, either of a plain golden color or with rich bronze zones, they are admirable for contrast with the other colors, either in or out doors.

Price 25 cents each, (save where priced.) \$2 per dozen.

- Arthur H. Wills. Zone very dark chestnut brown, surrounded by a bright yellow margin, habit compact and free.
- Annie Keeler. Clear golden leaf ground, very brilliant zone, good habit; does well for bedding.
- Beauty of Calderdale. Zone of a bright reddish bronze color, on a yellow and green ground.
- Black Prince. A beautiful dark zone, vigorous but compact habit, producing fine large trusses of scarlet blooms.
- Black Night. Very dark zone, vigorous, compact habit, a very distinct variety. 50 cents each.
- Bronze Perfection. Leaves broad, of golden yellow, dark bronze zone, habit good, with brilliant scarlet flowers, very effective and fine.
- Crimson Banner. The leaves are sulphur yellow, the flowers rich magenta crimson, produced in very large trusses.
- Countess of Kellie. Fine broad leaf, bright yellow, with Chesnut zone shaded with red; color distinct and showy.
- Crystal Palace Gem. A splendid improvement on the well known "*Cloth of Gold*," of quick growth, free flowering, short habit, very brilliant color.
- Carrie Fowler. Leaves beautiful bright golden color, compact habit, the best Golden-leaved Geranium.
- Charming. Brilliant chesnut zone on bright yellow ground, neat compact habit; distinct and beautiful.
- Creed's Seedling. The leaf is tinged with yellow; very dwarf, and a most abundant bloomer. Color bright scarlet.
- Crown Prince. This is one of the best, and very distinct from any of the other kinds; it very much resembles *Impératrice Eugénie*, and is the brightest color.
- Crimson Crowned Canary. Vandyked olive brown zone upon yellow ground, with large rich crimson flowers; excellent habit, and effective outline. 40 cents each.
- Elegantissima. Leaf round, flat and smooth, deep yellow, with a clear well defined zone, neat compact habit; a very beautiful variety.
- Earl of Rosslyn. Deep chesnut zone, with a broad edging of yellow round the outside of the foliage; strong grower.
- E. G. Henderson. Broad rich zone, upon the golden disc and leaf margins, very striking and distinct.
- Fairy Palace. Large circular leaf, with a fine dark zone on a yellow ground, neat compact habit.
- Golden Beauty. Leaves round of perfect form and even outline; color a pure golden yellow, very bright and attractive.
- Goldfinder. Broad rich gold leaf, vigorous grower, fine habit.
- Golden Nugget. Large gold leaves, fine bedder, extra.
- Golden Model. Fine dark zone on yellow ground, flowers orange scarlet.
- Golden Emperor. Large smooth golden leaves, entirely free from zone, the finest golden leaved variety.
- Her Majesty. Yellow foliage, with a light zone, neat habit and foliage.
- Impératrice Eugénie. Golden leaf ground, with perfect zone of bright chocolate color, robust growth and compact habit.
- Inimitable. Bright orange tinted crimson zone, upon golden leaf ground, good outline and margin. 40 cents each.
- L'Africaine. Leaves yellow, with a deep bronze zone.
- Mariner. Leaves of a splendid gold and green ground, with fine vandyke zone of rich bronze, the flowers fiery scarlet.

Mrs. Maxwell Hutton. Yellow leaves, bronze zone, good habit.

Mrs. Charles Barry. A beautiful variety of the *Golden Bronze* section, producing scarlet flowers.

Mrs. Lewis Lloyd. Leaves golden yellow, vandyked with a narrow zone of reddish chocolate.

Monarch. Large broad yellow leaf, with a dark zone, vigorous compact habit. Neatness. Well defined bronzed zone, a yellow leaf centre.

Perilla Yellow leaf with the dark zone, strong vigorous grower, flowers orange scarlet.

Pride of Mount Hope. Foliage large and of a brilliant yellow, with a broad chocolate zone.

Red Ring. This is a first class variety; the zone is very regular and bright, and one of the best golden yellow disc and margined variety in this class.

Red Wing. Very bright and well defined zone, fine leaf good habit; very fine and distinct.

Rev. Mr. Radcliffe. A very bright yellow ground, with a distinct narrow zone, very effective and one of the best.

Southern Belle. Very dark zone of reddish chocolate, margined with yellow, dwarf and compact habit.

Silver Pheasant. A unique and distinct variety, with a broad and effective bronze zone, truss large, flowers white, growth compact and vigorous.

Safrano. Neat circular lobed leaves, with very effective chocolate red zone on golden leaf ground, and proportioned outer margin.

Sceptre d'Or. Golden yellow leaves, distinct bronze red zone, flowers rose color.

Waltham Gem. Broad yellow leaves, bronze zone, fine habit, flowers bright red.

Washington Belle, (new.) Foliage large, bright yellow, with a deep chocolate zone, neat compact habit, a fine variety. 50 cents each.

Yellow Sovereign. Leaves large, fine yellow.

GOLDEN TRI-COLOR GERANIUMS.

Of this lovely plant we grow a collection of the most distinct varieties.

Bed of Gold or Artemus Ward. This variety is very distinct from all others, the yellow is very bright, with a blotched green zone, a dwarf habit, very attractive. 30 cents each.

Countess of Tyrconnell. Light yellow leaf margins, with a dark bronze and bright carmine tinted zone, growth vigorous, a beautiful and distinct tri-color. 50 cents each.

Countess of Craven. An even and well defined broad margin of clear golden yellow, with a rich crimson and bronze zone, plant compact and exceedingly vigorous, a superb variety. 50 cents each.

Crown Jewel, (Saltmarsh.) This has a fine bold leaf and good colors, very upright and a good grower. 50 cents each.

Earl of Derby. Foliage medium size, with very broad zone of dark chesnut red and black, leaving only a very small green disc, and narrow margin of rich golden yellow; habit close, compact and vigorous. 75 cents each.

Edwinia Fitzpatrick. Leaves green, bronze red zone, belted with crimson, edged with golden yellow; the colors in this are very bright, beautiful. 50 cents each.

Gold Finch. Broad gold margin, broad zone, tinted with flame-red, good grower, compact habit, distinct and good. 30 cents each.

Golden Pheasant. Leaves green centre, bounded by a blended bronze red zone, the margin forming a rich yellow belt, compact habit, flowers scarlet. 30 cents each.

Humming Bird. This deserves a high character; the colors are very regular, and it has a beautifully shaped leaf, it is certainly one of the best, and very distinct. 50 cents each.

Jetty Lacy. Broad gold margin, deep crimson zone, neat compact habit, good grower; a distinct and very beautiful variety. \$1 each.

Lady Cullum. A beautiful variety, broad rich leaf zones, its ample rich bronze crimson ground tints being intensely suffused and bordered by a brilliant flame color, distinct. 50 cents each.

- Louisa Smith. Leaf deep yellow, margined with a fine distinct zone of bright red and black, light green centre, a very vigorous, free growing variety. 50 cents each.
- L'Empereur. Fine broad foliage, margined with golden yellow, rich red and black zone, growth vigorous and compact, a fine variety. 50 cents each.
- Mrs. Benyon. Zone bronze colored, richly blended with crimson and belted with a large golden margin, flowers bright scarlet, an excellent variety. 25 cents each.
- Mrs. Pollock. Leaves green, bright bronze red zone, belted with crimson, edged with golden yellow, growth vigorous, a very beautiful plant. 25 cents each.
- Needle Gun. Very fine foliage, margined with deep rich yellow, zone well defined, bright and lively, vigorous grower, neat habit, a gay and very effective tri-color. \$1 each.
- Queen Victoria. Leaf margin deep golden yellow, with a rich broad zone of maroon, interspersed with fiery scarlet, deep olive green centre. 50 cts. each.
- Queen of Tri-colors. Crimson scarlet zone, with brimstone edge, neat compact habit, vigorous grower, a very distinct and fine variety. 50 cents each.
- Rosina Saul. This beautiful Tri-color has been raised in our establishment, is a very vigorous grower, zone exceedingly bright and clear, with a bright yellow margin, one of the finest Tri-colors out. \$1.50 each.
- Sir R. Napier. This is a very distinct variety, fine grower, the streak of red is very bright, rendering it the most distinct one that has ever been sent out in this class; fine vigorous grower. \$1 each.
- Sophia Dumaresque. A beautiful variety, habit vigorous, freely branched, golden leaf margins, effectively marked by a brilliant flame-tinted scarlet zone. 30 cents each.
- Socrates. Rich golden leaf margin, zone flame red upon a bronze belt, flowers scarlet with a white eye, compact growth. 30 cents.
- Sunset. Leaves green, bordered with a rich broad outer golden belt, the inner margin of which is overlaid with a bright carmine red zone, and intersected with flame scarlet tints on broken patches of dark brown. 30 cents each.
- Star of India. Margin deep golden yellow, zone brilliant flame scarlet, fine grower and habit, a distinct and very beautiful variety. \$1 each.

SILVER MARGINED AND TRI-COLORED GERANIUMS.

These very beautiful Geraniums should be grown more generally. Nothing can be more beautiful than their foliage, during the winter, in the parlor or conservatory, and strong plants succeed well out doors during summer.

Price 25 cents each, (save where priced.) \$2.50 per dozen.

- Albion Cliffs. This is a most beautiful variety, leaves dark green, edged with pure white, vigorous yet compact grower, first-class variety. 30 cts. each.
- Alma. Leaves margined with white, scarlet flowers.
- Brilliant. Leaves margined with white, deep scarlet flower.
- Burning Bush, (Tri-color.) Leaves margined silver, with red zone, beautiful. 30 cents each.
- Charming Bride, (Silver Tri-color) This is distinct, large reflexed foliage, strong grower, color very bright, fine habit, a very good sort. 50 cts. each.
- Denticulatum Variegated. See NOVELTIES.
- Flower of the Day. Leaves white, scarlet margined flowers.
- Goliath, (Silver Tri-color.) The most vigorous of all silver tri-colors, robust in growth, with large well marked foliage, fine for either bedding out or pot culture. 25 cents each.
- Italia Unita, (Tri-color.) Leaves margined with white, bright carmine zone, flowers scarlet, beautiful. 30 cents each.
- Little Beauty, (Tri-color.) Silver margined leaf, with pretty rose tinted zone, flowers scarlet. 30 cents each.
- Lady Plymouth. Very distinct, variegated leaves, very sweet.

- Mable Morris.** This is a variety with pretty variegated foliage, close, compact habit; the leaves are bright green, margined with pure white, and slightly zoned with pink, flowers lilac rose. 40 cents each.
- May Queen.** This has the largest and flattest leaf in this section, pure white edge, fine grower, producing beautiful trusses of bloom of a bright rosy pink. 40 cents each.
- Magenta Queen.** Neat densely branched habit, with broad green leaf disc or centre, slightly lobed, good flower truss, with bright lake carmine blossoms. 50 cents each.
- Meteor.** Silver margined leaves, scarlet flowers.
- Miss Kingsbury.** This is a first-class bedding variety; received a first-class certificate at Chiswick. Good vigorous grower, fine foliage. 50 cts. each.
- Pearl.** Leaves deep green, broadly edged with white, good grower, and fine habit. 40 cents each.
- Princess Alexandria.** Nice flat leaf, margined with pure white, good bushy grower, one of the best of its class. 40 cents each.
- Quadricolor.** A beautiful variety, with four distinct colors. 30 cents each.
- Queen of Queens.** Leaves margined with silver, large brilliant scarlet flowers, a free grower, very extra. 30 cents each.
- Silver King.** Leaves margined with silver, scarlet flowers.
- Snowstorm.** This variety has a neat habit, leaf deep green centre, with a broad white margin. 40 cents each.
- Prince Silverwings.** This is a very distinct and beautiful kind; it is a cross with *Stella*, with a silver and gold tri-color leaf, and it is the first tri-color with a true *Stella Nosegay* habit. 50 cents each.

IVY-LEAVED GERANIUMS.

This beautiful section is admirably adapted for suspended baskets, training on trellis work, &c.

Price 25 cents each, (save where priced.) \$2 per dozen.

- Aurora Variegata.** Gold variegated, large fine leaves,
- Bridal Wreath.** Fine large trusses of pure white flowers.
- Butterfly.** Flowers of a bright rose, striped with crimson in upper petals.
- Duke of Edinburgh, (Holly Wreath.)** This beautiful variegated Ivy-leaved Geranium has a broader margin of white than any previously raised, growth vigorous.
- Elegans Floribunda.** A very elegant variety, producing profusely its blush white flowers.
- Fairy Belle.** A very neat variety, with angular shield-shaped leaves, and elegant blush pink flowers.
- Grand Duchess Maria.** A vigorous grower, flowers a light violet pink, the upper petals feathered and striped with dark crimson.
- L'Elegante.** Foliage brilliant green, with broad bands of creamy white, and producing a dense mass of pure white flowers.
- Lady Edith.** Flowers crimson, tinged with purple, profuse bloomer, leaves and habit of plant very lovely, quite new and distinct in character.
- Peltatum Elegans.** Flowers pure mauve, a profuse bloomer, a free grower.
- Princess Thyra.** Flowers flesh or light salmon, white centre, with crimson spots on upper petals.
- Gem of the Season.** This is a cross between *Mrs. Pollock* and an Ivy-leaf variety; beautiful, bright rose, in large trusses.
- Willsii.** A hybrid of vigorous habit, the blossoms are of a most beautiful deep violet rose.
- Willsii Rosea.** Foliage of great substance, flowers rich rose color, size, substance and form very distinct.
- Willsii Grandiflora.** A fine variety of strong growth, flowers similar in size and color to *W. Rosea*.
- Willsii Palmata.** Profuse bloomer, color lilac and mauve.

PELARGONIUMS—Show and Fancy.

In describing the color, the term "blotch" refers to the large spots on the two upper petals, and "spots" invariably refer to the dark marks upon the centre of the lower ones.

Capitatum,	Malvifolium,	Viscosissimum,
Cuneatum,	Multifidum,	Zonale.

FUCHSIAS—General Collection.

The following list is a selection of the best varieties, in habit of growth, distinct shades of color, and both single and double flowers. The varieties of 1874 are chiefly incorporated with these. Those marked (d) have double corollas.

Price 20 cents each, (save where priced.) \$2 per dozen. \$15 per 100.

Agnes. White sepals, with crimson tube, crimson corolla.

Agememnon, (d.) Rich scarlet sepals, corolla dark plum.

- Arabella.** Pure white tube and sepals, corolla rose.
- Arabella Improved.** Pure white tube and sepals, well reflexed, corolla a rich rose, a fine white.
- Algeline Braem, (d.)** Deep scarlet tube and sepals, corolla double, pure white, striped with rose.
- Avalanche, (Smith), (d.)** Very double, compact and beautifully formed flowers, corolla pure white, of extra size, with long carmine filaments, tube and sepals brilliant carmine scarlet, splendid. 40 cents each.
- American Banner.** Is so named in consequence of the corolla being most peculiarly and perfectly striped and blotched with red on a splendid blue ground, colored corolla, fine habit, and flowering exceedingly free. 40 cts. each.
- Curiosity, (d.)** Blush tube, fine broad pink sepals, beautiful violet blue semi-double corolla, very fine habit, profuse bloomer.
- Duke of Edinburgh.** This is a beautiful variety of the light mauve colored corolla class, and is the brightest color.
- Deutscher Kaiser.** The single *F. Germania* attracted general attention, how the more so will it be with this, a double flowered variety.
- Duchess de Gerolstein.** White tube and sepals, corolla crimson.
- Dominiana.** Large crimson tube, fine winter bloomer. 50 cents each.
- Extraordinary, (d.)** Sepals scarlet, large, corolla, rich violet blue, very large.
- Evening Star.** Tube white with broad sepal, corolla brilliant carmine.
- Elm City, (d.)** Corolla forming rich crimson balls, very good.
- Emperor of Brazil, (d.)** Deep reddish crimson tube and sepals, corolla regular and very double, in color a rich violet purple, streaked with rosy carmine.
- Emperor of Germany, (d.)** Tube and sepals scarlet, corolla deep red, fine habit and profuse bloomer, a fine double variety. 40 cents each.
- Francis Desbois, (d.)** Red sepals, violet purple and corolla, very double.
- Guillaume le Conquerant, (d.)** Corolla violet blue, large and double.
- George Felton.** Sepals elegantly reflexed, corolla a beautiful bright purple.
- G. Grant.** Large single flowers, corolla rosy lake, sepals bright red.
- Golden Treasure.** Leaves pure gold color, tinted with bronze in the young state.
- Graf Moltke.** Very profuse blooming, sepal light red, corolla well formed, of a light blue, lined with light red.
- Grand Cross, (d.)** Tube and sepals scarlet, very large double purple corolla.
- Josephine.** Blush tube and sepals, fine large open bright rose colored corolla, habit robust.
- Jules Calot.** Tube long and large, reflexed, sepals of an orange red.
- Little Bo-peep.** Crimson tube and sepals, purple corolla.
- Little Treasure.** Crimson tube and sepals, corolla violet.
- Mrs. Gladstone.** Tube and sepals scarlet, corolla white, neat habit.
- May Queen.** Tube and sepals pure white, gracefully recurved, corolla long and large, of a beautiful violet rose color.
- Mrs. D. T. Fish.** Dark scarlet tube and sepals, well reflexed, plum colored corolla.
- Mr. Richard Peyton.** Flowers immense size, dark magenta satiny colored corolla, with a bright coral red tube and sepals, the latter reflexed quite up to its tube.
- Mrs. E. Bennett.** Single white corolla, naturally forming itself into beautiful pyramidal plant.
- Prince Leopold, (d.)** Deep crimson tube and sepals, corolla dark violet, suffused with carmine.
- Princess Alexandra.** Tube and sepals blush white, corolla bright carmine.
- Queen of Beauties.** Tube and sepals pure white, corolla crimson.
- Rappee.** Tube and sepals scarlet, corolla large, purple, with scarlet shading.
- Ricartoni.** A very free growing half-hardy variety, tube and sepals crimson, corolla deep purple. 40 cents each.
- Rose of Castile.** Blush pink, violet corolla.
- Souvenir de Chiswick.** Bright scarlet sepals recurved, purple corolla.
- Serratifolia Multiflora.** White tube, a winter bloomer.
- Striped Unique, (d.)** Tube and sepals scarlet, purple, with scarlet stripes.
- Tower of London, (d.)** Carmine scarlet sepal, recurved, very rich violet blue corolla.
- White Eagle.** White corolla, with rich scarlet tube and sepals, recurved.

Vainquer de Puebla, (*d.*) Sepals bright red, corolla white, feathered with rose. Venus Vitrix. An old but beautiful white variety, well worthy of cultivation. 40 cents each.

Warrior. Sepals deep crimson, corolla large, rosy purple with vermillion shade. Warrior Queen. Sepals scarlet, with a large, well proportioned bluish violet corolla.

Orange Boven. Gold leaf ground, being prettily tinted with bronze in the young shoot tips.

NEW FUCHSIAS.

IMPORTED 1875.

Price 60 cents each, (save where priced.) \$6 per dozen.

Alpha, (*d.*) A splendid variety, coral red tube and sepals, very free habit, and in every respect a first class variety, and the finest of the double kinds.

Alsacien-Lorrain. Reflexed carmine sepals, white corolla, very double, good habit, a beautiful variety.

Barcelona. Sepals bright rosy carmine or scarlet, elegantly recurved, of great substance, corolla large and of great depth, rich dark marine blue.

Chicago. Carmine tube and rich light carmine sepals, corolla large, clear white very double, and effective by the elegantly drooping outline.

Coquette, (*d.*) A singular and attractive variety, flowers medium sized, tube light carmine, the sepals well reflexed and waxy white, tinged with rosy pink, corolla double, petals smooth and even.

Cannell's Favorite. The most beautiful light Fuchsia ever sent out. Tubes and sepals pure white, the latter very broad and leathery, with the best reflex; corolla orange scarlet.

Desideratum. A profuse bloomer, tube and sepals deep scarlet, reflexed, corolla double and deep bluish violet in color, the edges of the petals are beautifully fringed, rendering it very distinct.

Dr. Hessel. Of compact habit and very free flowering, buds very globular and very dark, tube and sepals intense deep carmine, the latter well reflexed; corolla well expanded, large and even, and rich purplish violet.

Fulgens Carminata Rosea. This distinct plant is intermediate between *Fuchsia Fulgens Rubra Grandiflora* and *F. Serratifolia Multiflora*. The terminal clusters of trumpet shaped flower tubes, three to four inches in length, are a rich flesh or carmine color, with pink sepals and fine scarlet corolla.

George Peabody, (*d.*) Fine habit and free bloomer, corolla double white, a splendid variety, one of the finest.

Grandidens. Tube and sepals large and waxy and of great substance, the latter broad and beautifully recurved, color rich deep carmine, corolla single, petals rich bright purple in color.

General Chanzy, (*d.*) Sepals reflexed, brilliant red, corolla large dark violet, fine habit and free bloomer.

Grande Duchesse Marie. Sepals white, beautifully recurved, corolla deep rose, neat habit, profuse bloomer.

Helligoland. Sepals brilliant carmine scarlet, finely recurved, corolla large, of great depth, rich violet blue, a free and bold effective variety.

*Inspector. Tube and sepals white, the latter prettily reflexed, corolla cup shaped, bright rosy pink, with white base and centre, when well colored, giving the appearance of being richly belted with carmine rose, flower rather small, but very effective by its free blooming. \$1 each.

La Nieve. Corolla very large and double, snow white, sepals red carmine, spread out horizontally, showing the fine corolla to advantage; plant robust and vigorous, an exceedingly beautiful double white variety.

*Knight of the Garter. Tube and sepals brilliant carmine crimson, the latter long, broad and elegantly recurved; corolla double, of an exceedingly rich dark violet blue, with reddish base, the petals closely folded and curved inwards; by its erect growth and long pendant flower stalks forming a very effective and graceful variety. \$1 each.

Lady Dorothy Neville. Tube and sepals bright carmine, the latter broad and well reflexed, corolla well expanded, color a mauve pink.

- Marchioness of Anglesey.** This is a beautiful double white corolla variety, dwarf, stiff habit and growth, producing abundance of bloom of medium size, very pure, and is the best double of this class.
- Metz, (d.)** Beautifully reflexed red sepals, long full white corolla, fine habit, and free bloomer.
- Resplendent.** One of the most perfect large dark flowering Fuchsia, tube and sepals dark glowing scarlet, of great substance and boldly reflexed, corolla very large, habit strong and vigorous.
- Our Future Queen.** This is one of the most beautiful light Fuchsia, tube and sepals pure white, broad and reflexed, bearing similarity to one called *Will Sell*, the corolla red, suffused with purple, long and well expanded.
- Purity.** Bright carmine tube and sepals, corolla pure white, neat habit, good bloomer.
- Princess of Alexandria.** Rosy pink sepals, well reflexed, corolla white, very double, with large broad inner lobes or petals.
- Pride of Woolwich.** Dark blue corolla, of the most perfect outline and shape, tubes and sepals bright coral glossy red, the latter well reflexed.
- Striata Splendor.** This is the most regularly striped Fuchsia yet sent out, dark scarlet tubes, and sepals perfectly reflexed, corolla plum colored purple, and most evenly striped with red.
- Stupendous.** An improvement on *Champion of the World*, tube and sepals bright scarlet, the latter long and beautifully reflexed, and of great substance, corolla immense size, color dark plum purple, habit free and branching.
- Symmetry.** Habit very compact, tube and sepals deep reddish crimson, the latter broad and well reflexed, corolla single, large and very regular, rich violet plum color.
- Tri-colored Beauty.** Sepals carmine, shading off to a delicate light margin, recurved, corolla finely cup shaped, dark lavender color.
- Sunray.** See NOVELTIES.
- White Unique.** See NOVELTIES.
- White Perfection.** Sepals white, elegantly recurved, corolla purple, fine habit, free bloomer, very fine.

DAHLIAS--General Collection.

SHOW FLOWERS.

Our collection of this beautiful flower is unrivalled. We import annually all the new varieties of merit, and none are retained in our collection that do not come up to the standard of perfect flowers. In accordance with our usual practice, we have placed most of the new flowers of 1874 in the general collection. It now embraces all the very finest Show Flowers in cultivation. Dry pot roots of most can now be supplied, or strong plants in May, either can be sent long distances by mail.

Price 25 cents each. \$2.50 per dozen. 50 very fine varieties for \$9. Mailed free.

| Purple Queen. Deep bluish purple. | Zebra. White, striped and spotted. |

NEW VICTORIA DAISIES OF 1874.

This new strain of double Daisies is a decided advance from the common garden varieties; the habit is more robust, the flowers are double the size of the ordinary Daisy—many of the blooms measuring six inches in circumference. They are borne on long, stout footstalks, eight inches high, and look more like large *Ranunculus* blooms than Daisies.

Price 50 cents each. \$5 per dozen.

Albert Edward. Rich crimson red, quilled.	Nil Desperandum. Shaded pink and red.
Albert Victor. Pink, shaded with crimson.	Princess Alice. White and red.
Avalanche. Very large white, extra fine.	Princess Beatrice. Light pink, fine.

EVERGREENS.

Aucuba Himalaica. A fine evergreen, broad green leaves. 50 cents.

Aucuba Japonica. The mottled leaves of this fine evergreen have long formed one of the most familiar objects in cultivation, but the scarlet berries have appeared but of late in consequence of the absence, until recently of male plants. There are quite a number of fine varieties recently introduced, differing in the form or variegation of the leaf. 50 cts.

The following are some of the finest varieties.

Japonica Maculata. 50 cents.
Alba Variegata, (fœm.) 50 cents.
Bicolor, (mas.) 50 cents.
Elegans, (fœm.) 50 cents.
Fœmina Vera, (fœm.) 50 cents.
 " *Longifolia*, (fœm.) 50 cents.

| 1 Primula Japonica. Strong. | 1 New Zonale Geranium. |

*\$5 Collection.

Half the \$10 collection.

* Plants by Mail.

We have for some years forwarded plants in large numbers by mail, to the most distant parts of the Union, as Texas, Utah, the Pacific Coast, with perfect success. All of which are properly labelled and carefully packed in boxes or oiled paper. The following plants will be sent by mail, pre-paid, at the prices annexed, or any new plant can be forwarded in the same way. No order for less than one dollar will be filled.—This rule is necessary, as the mailing of one or two cheap plants will not compensate us, in the hurry of business, for the time and labor of packing, directing, pre-paying postage, etc. Our selection, one-quarter of a dozen at dozen rates.

	Each.	Doz.
Achyranthus. Assorted.....	\$ 20	\$2 00
Alternantheras. 5 distinct sorts.....	20	1 50

12 Bedding Plants, our selection.....		1 25

All plants suitable for mailing at Catalogue rates. Not less than one dollar's worth sent in one order.

Garden and Flower Seeds.

Having been many years engaged in the Seed business, both as a grower and dealer, I can, with confidence, recommend all articles offered. They are NEW. PURE and GENUINE. See *Catalogue No. 2.*

Fruits, Ornamental Trees, Evergreens.

A very extensive stock of Fruit, Ornamental Trees, Evergreens, Shrubs, Roses, etc., are grown at my Nursery, on the Seventh Street Road, all of which are of the most vigorous description, and are offered at low rates. See *Catalogue No. 1.*

EXTRACTS FROM LETTERS.

It has become customary of late to publish extracts from customers' letters ; this is done for the purpose of showing the good condition in which plants are received, and the satisfactory manner in which orders are filled. Such letters we could give to any length, but only append a few.

WEST VA., *June 1st, 1874.*

I hereby acknowledge the receipt of my plants from you, and offer many thanks for the general good quality as well as *quantity* of plants sent.

MISS SARA BOWEN.

BLACKFEET AGENCY, M. T., *May 20th, 1874.*

The plants came three days ago, and in excellent condition ; indeed they look as if they had just been taken from the ground. The manner of packing and the excellent condition in which the plants arrived, has greatly pleased my neighbors, and done no little toward advertising your house. I thank you for your generosity. If these do not live, the fault surely is not yours.

MRS. DAVID L. SHAFER.

MISSISSIPPI.

Both boxes of plants and seeds were received a few days since, and I am much pleased with your selection. I beg to return many thanks for the large number of extra plants which you sent, and must say you are the most liberal Florist with whom I ever dealt.

MRS. W. DRANE.

WEST VA.

The bulbs ordered, received in fine healthy condition. "I am very much pleased with them.

A. M. KIRBY.

NEW YORK, *March 14th, 1874.*

Plants received and in good condition.

P. HOPFRITZ.

NORTH CAROLINA, *March 16th, 1874.*

The plants forwarded per mail, March 14th, have arrived in good condition, and are very satisfactory. For the extra ones and your promptness, please accept thanks.

P. C. LEWIS.

WEST VA.

I received the package of plants in beautiful order, as fresh as if they had just been taken from the green house.

MRS. S. B. SWANN.

VIRGINIA.

Your plants sent me last year were very fine, and I am always sure of getting good plants.

Respectfully,

E. C. BROWN.

MISSISSIPPI.

The plants came in good order and in good condition.

JOHN HANDY.

NEW YORK.

Plants arrived all right.

J. D. SELDEN & CO.

BOSTON, *April 27th, 1874.*

The box of plants has just arrived, and I shall no doubt find, as I always have, that everything is in tip-top condition.

ISAAC W. DANFORTH.

MINNESOTA, *April 22d, 1874.*

The plants arrived in excellent condition. You will accept thanks. Geranium in excess. I wish to say that the Geranium sent me last season, the "Miss Mary Saul" has attracted much notice. The blossoms were large and beautiful, and it surpassed any Geranium in bloom in this vicinity.

MRS. J. B. WAKEFIELD.

TEXAS.

The plants came safely, and I thank you very much for the beautiful Begonias.
MRS. C. D. PARKER.

TUPELO, MISS., *April 28th, 1874.*

Everything is perfectly satisfactory, and in spite of the unusual wet and cold weather prevailing, for so long, the plants are doing well.
T. EVANS.

PENNSYLVANIA.

Received my plants to-night, April 29th, all right, as fresh as though just out of the green house. Every one admired the packing aside from the plants themselves.
L. M. BARBER.

SASSAFRAS FORK P. O., N. C., *May 6th.*

The plants by mail received in good condition, and with thanks for the extra ones.
MRS. L. E. AMIS.

NEW BOSTON, ILLS.

The plants by mail were received yesterday, they were very nice; for the extra one accept thanks. In spite of their little prison and the many throws they must have had, *not one leaf* was broken.
MRS. M. M. HINDMAN.

CALIFORNIA.

The rose bushes and double white geranium arrived in splendid order.
CHARLES FISH.

LEEDSVILLE, DUCHESS CO., N. Y., *May 18th.*

The package of plants reached me in fine order on the 16th. I am greatly delighted with the Begonias, &c.
MRS. M. B. BENTON.

WILLIAMSBURGH, N. Y., *May 21st, 1874.*

The box of plants arrived this A. M. in splendid condition, and give entire satisfaction. Thanks for the extra plants.
W. J. HAVERLEY.

LOWELL, MASS.

The plants came to hand all safe and in good order.
JOHN PRESTON.

BOISE CITY, IDAHO, *March 25th.*

The bill of trees, by express, were duly received the 6th inst., and in very fine order.
GEORGE H. ISH.

NORTH CAROLINA.

The plants arrived in good time, and were beautifully packed, not one of them were bruised or injured. Many thanks for the large number of plants you sent.
MRS. THOS. E. BARKDALE.

BROWNSVILLE, TENN., *April 3d, 1874.*

The box of plants arrived in good order with *extras*, for which please accept many thanks, I was delighted with the remarkable freshness manifested upon their arrival. This, I am satisfied was owing to their admirable packing, and great care and attention bestowed in preparing them for shipment. On opening the box, I found the Donald beaton in bloom.
W. F. SEVIER.

JACKSON, TENN., *April 7th, 1874.*

The plants came safe to hand. Thank you for your promptness; shall continue to patronize you.
MARY C. MAY.

ULSTER CO., N. Y.

The plants mailed to me April 8th, came looking fresh and bright. Please accept thanks for the remarkably nice manner in which they were packed, also for the extra.
LUCY C. WOOD.

BALTIMORE, MD., *April 11th*, 1874.

The seeds came by mail and plants by express safely. Your method of packing is admirable. The plants have not suffered in any respect, and are certainly very fine. I thank you for your liberality in extra specimens. W. B. HILL.

MISSISSIPPI.

The plants came in splendid order, hardly a leaf withered, and to-day are looking truly beautiful. Many, many thanks for your liberality in the number of extra plants. R. N. GOULD.

SOUTH ROYALSTON, MASS., *April 18th*, 1874.

The plants by mail were received April 6th, fresh as in a green house, and gave perfect satisfaction. To me they are all new varieties. MRS. OTIS BRUCE.

ATLANTA, GA., *April 17th*, 1874.

The plants came to hand in splendid condition, being most admirably packed, and I must thank you for generous additions. R. H. KNAPP.

BRIDGEWATER, MASS., *April 22d*, 1874.

Plants arrived in excellent condition, and are perfectly satisfactory. Every one of them are growing finely. Thanks for the extras. S. E. LYON.

PETERSBURG, VA., *April 21st*, 1874.

The plants you sent me by mail arrived in excellent condition. I potted them at once, and they are all looking finely. GEO. M. BOZEL.

ALTON, ILL., *June 3d*, 1874.

Package by express reached me in fine order, and are doing well.

A. S. HASKELL.

DEL., *July 7th*, 1874.

I received all in good time and order, they were nicely packed, and are growing finely, and am pleased with the varieties. MISS S. CUMMINS.

BROOKLYN, N. Y., *July 15th*.

The chrysanthemums you sent arrived safely, and notwithstanding the warm weather are doing nicely. MRS. J. HARDENBERGH.

CHARLESTOWN, N. H., *August 15th*, 1874.

The caladiums have arrived all right, they are nice ones. Thanks for so good a selection. WM. SWAN.

CUMBERLAND, MD., *Aug. 31st*, 1874.

My plants have arrived all in good condition and fine plants.

MRS. A. V. DARNELL.

HAYWOOD CO., TENN., *Sept. 20th*, 1874.

The plants received by mail in the heat of summer were in splendid condition, scarcely a leaf wilted. Many thanks for your liberality. MRS. JULIA A. POWELL.

RICHMOND, VA.

The tube roses which I purchased of you last spring, were the finest I have ever seen, and were much admired by all who saw them for their size, as well as exquisite odor. WM. H. PLEASANTS.

COLUMBUS, OHIO, *Oct. 26th*, 1874.

Plants sent by mail, Oct. 15th, arrived in fine order, I am greatly obliged to you for the favor, especially for abutilon boule de neige. J. L. STELZIG.

CLEVELAND, *Oct. 24th*, 1874.

Your package of plants came to hand safely and in good order, which I am very much obliged. DR. T. T. SEELYE.

GROVELAND, MASS., Oct. 26th, 1874.

I have received the plants in good condition, they are very satisfactory.

MRS. E. T. QUIMBY.

SAG HARBOR, L. I., Nov. 17th, 1874.

I received your plants last night, they all look well. I thank you for the extra one.

Yours, &c.,

WM. B. GLOVER.

CALIFORNIA, Oct. 27th, 1874.

Your very liberal remittance of plants came to hand in excellent order, I do not think I will lose any. The primulas are as fresh as when they were taken from your green house.

J. H. LOGAN.

WASHOE VALLEY, Nov. 16th, 1874.

I received the plants ordered on the 16th inst., in good order, scarcely a leaf withered. I am much obliged by the liberal way you filled my orders.

MRS. C. LEWERS.

TEXAS.

The last lot of geraniums came in fine order. Many thanks for extra plants.

MRS. L. C. SMITH.

The Major & Knappe Eng. Mfg. & Lith. Co. 56 Park Place, N.Y.

Barlow & Walker's LAWN MOWERS.

DESCRIPTION AND ADVANTAGES OF

The Empire and Monitor Lawn Mowers.

Persons in want of First Class Mowers should examine the merits of Walker's Patents, recently invented. The Manufacturers claim several important improvements over other Lawn Mowers; the following are the most important:

The Empire Mower.

1st. The Empire Mower is so constructed that all its parts are working parts, and all covered, so that no clogging can take place. There are no traction wheels to oil, they being secured by set screws on the central shaft, rotating the same as the cutter reel, which materially reduces friction.

2d. It is self-oiling, the oil chamber on central shaft holding oil sufficient to last a week, which is a great advantage, as some Mowers require oiling every fifteen minutes.

3d. There are no small complicated *Pawls*, but a substantial arrangement for this purpose with few parts, and so simple that any ordinary person can take it apart and put it together again in a few minutes.

4th. It has a guide roller attached to the handle, and, by sliding the bar which holds the wheel, up or down, regulates the cut perfectly.

5th. It has a Sharpening arrangement which is perfect in operation and simple in construction. It makes the knives when dull, equal to being re-ground at the works.

6th. The last, but not least, new feature, is a machine constructed so simple, with its parts interchangeable and lettered, that it is like two truck wheels rolling on the ground so easy that a child can work it.

The Monitor Mower.

Is a machine with one light traction wheel and two guide wheels in front, will cut long or short grass, also, works equally as well on rough ground as on smooth, it is of light weight and can be run at a high rate of speed without much fatigue to the operator. This mower will be found very effectual for cutting around shrubbery and ornamental borders or flower-beds; also, in cemeteries, they must come generally in use. Each part of this Mower is interchangeable, and numbered duplicates of the parts can be had by sending the number to any agent or to the factory. The knives of these Mowers are made of best cast-steel, tempered by a new process, and every machine is warranted to work satisfactorily on any ordinary Lawn.

“Empire” and “Monitor” Mowers, price \$20 each. Sharpening Bar, Extra, \$1.50
